**SUPPLEMENTARY INFORMATION:**

**Correction**

In the **Federal Register** of March 16, 2020, in FR Doc. 2020–05311, on page 14884, in the second column, correct the table within the “Final Results of Review” section to list both SRF Limited and SRF Limited of India.

**Background**

On March 16, 2020, Commerce published in the **Federal Register** the final results of the 2017–2018 administrative review of the AD order on polyethylene terephthalate film, sheet, and strip from India.<sup>1</sup> We erroneously omitted SRF Limited from the table where we listed SRF Limited of India.<sup>2</sup> With the publication of this notice, we will assign both SRF Limited and SRF Limited of India the weighted-average dumping margin of 0.00 percent.<sup>3</sup> See the updated “Final Results of Review” section below.

**Final Results of Review**

As a result of this review, we determine the following weighted-average dumping margins exist for the period July 1, 2017 through June 30, 2018.

Manufacturer/exporter	Weighted-average margin (percent)
Jindal Poly Films Ltd. (India)	4.45
SRF Limited/SRF Limited of India .....	0.00
Ester Industries Limited .....	4.45
Garware Polyester Ltd .....	4.45
Polyplex Corporation Ltd .....	4.45
Vacmet India Limited .....	4.45

**Notification to Interested Parties**

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended.

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

This request is for an extension of a currently approved information collection.

The Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) established the Western Pacific Fishery Management Council (Council), to develop fishery ecosystem plans (FEP) for fisheries in the U.S. Exclusive Economic Zone (EEZ) and high seas of the Pacific Islands Region. These plans, when approved by

the Secretary of Commerce, are implemented in Federal regulations by NMFS and enforced by NOAA’s Office of Law Enforcement (OLE) and the U.S. Coast Guard (USCG), in cooperation with state and territorial agencies. The FEPs and Federal regulations are intended to prevent overfishing and to ensure the long-term productivity and social and economic benefit of the resources.

Regulations at 50 CFR 665.16, 300.35, and 300.217 require that all U.S. vessels with Federal permits that fish for western Pacific fishery management unit species must display identification markings on the vessel. Each Vessel registered for use, with a permit issued under Subparts B through E and Subparts G through I of 50 CFR 665, must have the vessel’s official number displayed on both sides of the deckhouse or hull, and on an appropriate weather deck. Regulations at 50 CFR 300.35 require that each vessel fishing under the South Pacific Tuna Treaty, must display its international radio call sign on the hull, the deck, and on the sides of auxiliary equipment, such as skiffs and helicopters. Vessels registered for use with a permit issued under Subpart F of 50 CFR 665 and vessels fishing for highly migratory species in the Western and Central Pacific Fisheries Commission (WCPFC) Convention Area under Subpart O of 50 CFR 300, and in international waters under Subpart R of 50 CFR 300, must comply with the regulations at 50 CFR 300.217 and 50 CFR 300.336 requiring the display of the vessel’s international radio call sign on both sides of the deckhouse or hull, and on an appropriate weather deck, unless specifically exempted. In each case, the vessel’s identifying numbers must be a specific size and in specified locations. The display of the identifying numbers aids in fishery law enforcement.

The regulations at 50 CFR 665.128, 665.228, 665.428, 665.628, and 665.804 require that certain fishing gear must be marked. In the pelagic longline fisheries, the vessel operator must ensure that the official number of the vessel is affixed to every longline buoy and float. In the coral reef ecosystem fisheries, the vessel number must be affixed to all fish and crab traps. The marking of gear links fishing or other activities to the vessel, aids law enforcement, and helps in determining damage to or loss of gear from the vessel, as well as any civil proceedings.

**II. Method of Collection**

The vessel owner or crew paints the identification markings on each vessel
