Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of New Mexico

AGENCY: Environmental Protection

Agency (EPA). **ACTION:** Notice.

SUMMARY: This notice announces EPA's approval of the State of New Mexico's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA approves of State of New Mexico's authorized program revisions/modifications as of December 26, 2017.

FOR FURTHER INFORMATION CONTACT:

Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW, Washington, DC 20460, (202) 566–1175, seeh.karen@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the Federal Register (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized

programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing programspecific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On November 3, 2017, the New Mexico Environment Department (NMED) submitted an application titled "Secure Extranet Portal" for revisions/ modifications to its EPA-approved programs under title 40 CFR to allow new electronic reporting. EPA reviewed NMED's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve New Mexico's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 50-52, 60, 61, 63-65, and 70 is being published in the Federal Register:

Part 52—Approval and Promulgation of Implementation Plans;

Part 60—Standards of Performance for New Stationary Sources;

Part 63—National Emission Standards for Hazardous Air Pollutants for Source Categories; and

Part 70—State Operating Permit Programs.

NMED was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Product Cancellation Order for Certain Pesticide Registrations and Amendments To Terminate Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations and amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1A, Table 1B and Table 2 of Unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows an October 3, 2017 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II to voluntarily cancel and amend to terminate uses of these product registrations. The cancellations of products listed in Table 1B would terminate the last Spirodiclofen products registered for use in the United States. In the October 3, 2017 notice, EPA indicated that it would issue an order implementing the cancellations and amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received 5 comments on the notice but none merited its further review of the requests. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and amendments to terminate uses. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations and amendments are applicable December 26, 2017.

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided EPA received 5 general comments, 3 specifically concerning the chemical, Chlorpyrifos. The Agency does not believe that the comments submitted during the comment period merits further review or the denial of the requests for the voluntary cancellations of products listed in Table 1A and Table 1B of Unit II or the requests for the amendments to terminate uses in Table 2 of Unit II.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)(1), EPA hereby approves the requested cancellations and amendments to terminate uses of the registrations identified in Tables 1A, 1B and 2 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Tables 1A, 1B and 2 of Unit II are canceled and amended to terminate the affected uses. The effective date of the cancellations that are subject of this notice is December 26, 2017. Any distribution, sale, or use of existing stocks of the products identified in Tables 1A, 1B and 2 of Unit II in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI will be a violation of FIFRA.

V. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following

the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of October 3, 2017 (82 FR 46052) (FRL—9966—85). The comment period closed on November 2, 2017.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the products subject to this order is as follows.

A. For Products 211–25, 211–32, 211–36, 211–62 and 34810–8

The registrant has requested to the Agency via letter to sell existing stocks for an 18-month period for products 211–25, 211–32, 211–36, 211–62 and 34810–8.

B. For the Products Listed in Table 1b, 264–830 and 264–831

As there are no risk concerns for these products, after December 31, 2020, the registrant will be prohibited from producing, selling, or distributing existing stocks of products containing Spirodiclofen.

C. For Products 47000–91, 47000–95 and 47000–144

The registrant has requested to the Agency via letter to manufacture and/or distribute existing stocks for a 24-month period starting the date of the request which was April 25, 2017 for products 47000–91 and 47000–95, and June 28, 2017 for product 47000–144.

For all other voluntary product cancellations identified in Table 1A of Unit II, the registrants may continue to sell and distribute existing stocks of the products listed in Table 1A until December 26, 2018, which is December 26, 2018.

Thereafter, the registrants are prohibited from selling or distributing the products listed in Table 1A of Unit II, except for export in accordance with FIFRA section 17 (7 U.S.C. 1360) or for proper disposal.

Now that EPA has approved product labels reflecting the requested amendments to terminate uses for the products listed in Table 2 of Unit II, registrants are permitted to sell or distribute the products listed in Table 2 of Unit II, under the previously approved labeling until June 26, 2019, unless other restrictions have been imposed. Thereafter, registrants will be prohibited from selling or distributing the products whose labels include the terminated uses identified in Table 2 of Unit II, except for export consistent with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of canceled products and products whose labels include the terminated uses until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products and terminated uses.
