Submit your written data, comments, or requests for copies of the complete applications to the address shown in **ADDRESSES**.

Applicant: Gibbon Conservation Center, Santa Clarita, CA, PRT-226717

The permit numbers and animals are: PRT-060470, Sheena; PRT-060472, Whoopi; and PRT-060473, Satchmo. This notification covers activities to be conducted by the applicant over a three-year period and the import of any potential progeny born while overseas.

Applicant: Louisiana State University - LSU Museum of Natural Science, Baton Rouge, LA, PRT-003005

The applicant requests a permit to export and re-import non-living museum specimens of endangered and threatened species of animals previously accessioned into the applicant's collection for scientific research. Marine Mammals

The public is invited to comment on the following application for a permit to conduct certain activities with marine mammals. The application was submitted to satisfy requirements of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), and the regulations governing marine mammals (50 CFR Part 18). Submit your written data, comments, or requests for copies of the complete applications or requests for a public hearing on these applications to the address shown in **ADDRESSES**. If you request a hearing, give specific reasons why a hearing would be appropriate. The holding of such a hearing is at the discretion of the Director.

Applicant: U.S. Geological Survey, Anchorage, AK, PRT-801652

The applicant requests an amendment to their permit to increase the number of walruses (*Odobenus rosmarus*) that may be incidentally harassed by the already authorized activities for the purpose of scientific research. This notification covers activities to be conducted by the applicant over the remainder of their 5-year permit; we are considering amending the permit before the end of the public comment period because delaying the issuance of the permit would result in a loss of a unique research opportunity that is present at this time. We welcome and will consider all comments received regarding this request.

Concurrent with publishing this notice in the **Federal Register**, we are forwarding copies of the above applications to the Marine Mammal Commission and the Committee of Scientific Advisors for their review.
