Public Scoping Process: EPA has established a 45-day public comment period for the scoping process. The public scoping period begins with the publication of this Notice and concludes May 20, 2021. EPA is requesting written comments from federal, state, and local governments, industry, non-governmental organizations, and the general public on:

- The range of project options considered;
- Identification of potential alternatives, information, and analyses relevant to the proposed action;

With this Notice of Intent, EPA is asking federal, state, Native American, and local agencies with jurisdiction or special expertise with respect to environmental issues in the project area to formally cooperate with EPA in the preparation of the EIS.

Estimated Date of Draft EIS Release: Once the scoping process is complete, EPA will prepare a draft EIS and will publish a **Federal Register** notice announcing its public availability. EPA will provide the public with an opportunity to review and comment on the draft EIS. After EPA considers those comments, EPA will prepare the final EIS and similarly announce its availability and solicit public review and comment. Comments received during the draft EIS review period will be made available in the final EIS. The draft EIS is expected to be released in December 2021.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the general public. This action may, however, be of interest to anyone who submitted what may be determined to be CBI to EPA Region 3. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. How can I get copies of this document and other related information?

All documents in the docket are listed in the <https://www.regulations.gov> index, under docket identification number EPA-R3-OAR-2021-0238. Although listed in the index, some information might not be publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Publicly available docket materials are accessible electronically through <https://www.regulations.gov>.

II. What action is the agency taking?

EPA Region 3 is shredding its records that are no longer required to be retained or stored under the Federal Records Act or otherwise required to be retained. EPA is performing this shredding using the support of a contractor. Under EPA contract GS-

03F-065BA (the contract), SafeGuard Document Destruction Inc. (SDD) of 800 Rike Drive, Suite A, Perrineville, NJ 08535, is responsible for providing locked bins and for shredding the hard copy records which the agency has identified for disposal at two of its regional offices—regional headquarters at 1650 Arch Street, Philadelphia, PA 19103 and the Chesapeake Bay Program Office at 410 Severn Avenue, Suite 109, Annapolis, MD 21403. Records that contain CBI may be included among those being shredded.

EPA will permit SDD personnel to have access to locked disposal bins which contain information submitted to EPA under the statutes administered by EPA Region 3. Some of the information may be claimed or determined to be CBI. In accordance with 40 CFR 2.301(h)(2)(i) (Clean Air Act (CAA)), and any provisions from 40 CFR 2.302 through 2.310 incorporating 40 CFR 2.301(h)(2)(i) (Clean Water Act (CWA)), Safe Drinking Water Act (SDWA), Resource Conservation and Recovery Act (RCRA), Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)), 40 CFR 2.306(j) (Toxic Substances Control Act (TSCA)), 40 CFR 2.307(h)(3) (Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA)), 40 CFR 2.308(i) (Federal Food, Drug and Cosmetic Act (FDCA)), 40 CFR 350.23(b) (Emergency Planning and Community Right-to-Know Act (EPCRA)), EPA has determined that SDD requires access to locked disposal bins which may contain CBI submitted to EPA, to perform successfully the duties required to carry out the contract.

Among the procedures established by EPA's confidentiality regulations for granting access to CBI is prior notification to the submitters of CBI that SDD may have access to this information. See 40 CFR 2.301(h)(2)(iii) for information submitted under the CAA, corresponding provisions of 40 CFR 2.302 through 2.311 for information submitted under the CWA, SDWA, RCRA, TSCA, FIFRA, FDCA, CERCLA, and 40 CFR 350.23 for EPCRA. This notification is intended to fulfill that requirement. EPA Region 3 has permitted SDD personnel access to this information prior to publishing this document. All potential access to CBI under the contract has and will continue to occur at the two EPA Region 3 offices located in Philadelphia and Annapolis. EPA Region 3 is implementing the following procedures to ensure the security of the files identified for disposal and the information therein. First, EPA personnel deposit records that are ready

for disposal into locked bins located at either of the two EPA Region 3 offices. Next, during normal business hours, SDD travels to the appropriate EPA Region 3 office building with its shredding apparatus and is escorted into the building by EPA personnel to retrieve the locked bins. Accompanied by EPA personnel, SDD conducts onsite shredding of the contents of the bins immediately after unlocking and emptying them into the shredding apparatus. The contract prohibits SDD personnel from viewing, inspecting, examining, or copying the materials identified for shredding and requires SDD to safeguard such information. Additionally, SDD is prohibited from transporting or shredding any records offsite.

SDD's potential access to CBI under the contract began on or about July 7, 2020 and will expire on October 31, 2021. If the contract is further extended, this access will also continue for the duration of the extension without further notice.

Catharine McManus,

Mission Support Division Director, Region 3.
