SUPPLEMENTARY INFORMATION:

I. Background

Congress enacted the Labor-Management Reporting and Disclosure Act (LMRDA), 29 U.S.C. 401 *et seq.*, to provide for the disclosure of information on the financial transactions and administrative practices of labor organizations, and, under certain circumstances, for reporting by labor organization officers and employees, employers, labor relations consultants, and surety companies. Section 208 of the Act authorizes the Secretary to issue rules and regulations prescribing the form of the required reports and such other rules and regulations (including rules prescribing reports concerning trusts in which a labor organization is interested) as may be necessary to prevent circumvention or evasion of the reporting requirements.

The Secretary established the Form LM–30, Labor Organization Officer and Employee Report, pursuant to section 202 of the LMRDA, 29 U.S.C. 432. *See* 29 CFR Part 404. Section 202 was intended to disclose certain payments and interests that could create a potential conflict of interest between the union officer and employee and his or her obligations to the union. The Form LM–30 requires every labor organization officer and employee (other than an employee performing exclusively clerical or custodial services) to file a Form LM–30 report within 90 days of the end of his/her fiscal year listing and describing certain financial transactions engaged in, and interests held by, the officer or employee or his/her spouse or minor child:

The Form LM–30 applies to officers and employees of labor organizations with private sector employees working in interstate commerce within the meaning of sections 3(i) and (j) of the LMRDA, 29 U.S.C. 402(i) and (j), and of labor organizations composed of U.S. Postal Service employees. It does not apply to officers and employees of labor organizations that represent employees of the executive branch agencies of the
