DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Policy Statement No. ANM-02-115-20]

Corded Electrical Devices Used in the Passenger Cabin

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of final policy.

SUMMARY: The Federal Aviation Administration (FAA) announces the availability of final policy that addresses potential hazards associated with the installation of corded electrical devices used in the passenger cabin.

DATES: This final policy was issued in the Transport Airplane Directorate on November 21, 2002.

FOR FURTHER INFORMATION CONTACT:

Alan Sinclair, Federal Aviation Administration, Transport Airplane Directorate, Transport Standards Staff, Airframe and Cabin Safety Branch, ANM-115, 1601 Lind Avenue SW., Renton, WA 98055-4056; telephone (425) 227-2195; fax (415) 227-1149 e-mail: alan.sinclair@faa.gov.

SUPPLEMENTARY INFORMATION:

Discussion of Comments: A notice of proposed policy was published in the **Federal Register** on August 30, 2002 (67 FR 55912). Four commenters responded to the request for comments.

Background

The policy provides an applicant with various certifications options, which will require little or no on-aircraft evaluation of corded devices, provided that these devices meet certain basic criteria. Examples of corded electrical devices are telephone handsets and video system controllers. This guidance supersedes the previously issued guidance in this area.

The final policy as well as the disposition of public comments received is available on the Internet at the following address: <http://www.faa.gov/certification/aircraft/anminfo/finalpaper.cfm>. If you do not have access to the Internet, you can obtain a copy of the policy by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

Federal Aviation Administration

[Policy Statement No. ANM-02-115-21]

Stowage, Retention, and Breakaway of Deployable Individual Video Systems (IVS) Installed in Transport Airplane Seats

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of final policy.

SUMMARY: The Federal Aviation Administration (FAA) announces the availability of final policy that addresses the use of industry standards in the seat certification process regarding qualification of video systems mounted on seats.

DATES: This final policy was issued by the Transport Airplane Directorate on November 21, 2002.

FOR FURTHER INFORMATION CONTACT:

Alan Sinclair, Federal Aviation Administration, Transport Airplane Directorate, Transport Standards Staff, Airframe and Cabin Safety Branch, ANM-115, 1601 Lind Avenue SW., Renton, WA 98055-4056; telephone (425) 227-2195; fax (425) 227-1149; e-mail: alan.sinclair@faa.gov.

SUPPLEMENTARY INFORMATION: *Discussion of Comments:* A notice of proposed policy was published in the **Federal Register** on September 4, 2002 (67 FR 56611). Four commenters responded to the request for comments.

Background

The policy further simplifies the certification process pertaining to the retention of video components on seats for which the supplier has been granted a Technical Standard Order authorization. This policy reduces the regulatory burden on industry by acknowledging the acceptability of test data generated by the seat supplier.

The final policy as well as the disposition of public comments received is available on the Internet at the following address: <http://www.faa.gov/certification/aircraft/anminfo/finalpaper.cfm>. If you do not have access to the Internet, you can obtain a copy of the policy by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

Draft Environmental Impact Statement on the Proposed East-Southwest Corridor Study Project in Jacksonville, Duval County and Clay County, FL

AGENCY: Federal Transit Administration (FTA), U.S. Department of Transportation (DOT).

ACTION: Notice of intent to prepare an alternatives analysis and draft environmental impact statement (AA/DEIS).

SUMMARY: The Federal Transit Administration (FTA) as lead agency, the Florida Department of Transportation (FDOT) and the Jacksonville Transportation Authority (JTA) intend to conduct an Alternatives Analysis and prepare a Draft Environmental Impact Statement (AA/DEIS) on a proposal by the JTA to study the implementation of transportation improvements within a corridor known as the Jacksonville East/Southwest Corridor. The East/Southwest Corridor is an approximate 35-mile radial corridor connecting the Town of Orange Park in northern Clay County to the Jacksonville beach communities, through downtown Jacksonville. The analysis is necessary to identify mobility options that address the high level of travel demand and traffic congestion within the East/Southwest Corridor.

Scoping will be accomplished through correspondence with interested persons, organizations, and Federal, State and local agencies, and three public scoping meetings.

DATES: Comment Due Date: Written comments on the scope of the alternatives and impacts to be considered should be submitted by January 2, 2003 to Mr. Kevin Feldt, Senior Transportation Planner, Jacksonville Transportation Authority. Written and verbal comments may also be made at the public scoping meetings to be held on December 11 and December 12, 2002. See **ADDRESSES** below.

ADDRESSES: Written and verbal comments on the scope and related matters should be sent to Mr. Kevin
