SUPPLEMENTARY INFORMATION:

Description: 42 U.S.C. 612 (Section 412 of the Social Security Act as amended by Public Law 104–193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996), mandates that federally recognized Indian tribes with an

approved Tribal TANF program collect and submit to the Secretary of the U.S. Department of Health and Human Services data on the recipients served by the tribes’ programs. This information includes both aggregated and disaggregated data on case characteristics and individual characteristics. In addition, tribes that are subject to a penalty are allowed to provide reasonable cause justifications as to why a penalty should not be imposed or may develop and implement corrective compliance procedures to eliminate the source of the penalty. Finally, there is an annual report that requires tribes to describe program characteristics. All the above requirements are currently approved by OMB, and ACF is proposing to continue this information collection with only changes to instructions to improve formatting, clarity, and consistency.

Respondents: Federally recognized Indian tribes and tribal organizations operating Tribal TANF programs.

Annual Burden Estimates: Note, the number of respondents has been updated to reflect an increase in the number of approved Tribal TANF programs; the annual burden hours have been adjusted accordingly.
