[Docket No. RM98-1-000]

Regulations Governing Off-the-Record Communications; Public Notice

October 8, 2002.

This constitutes notice, in accordance with 18 CFR 385.2201(h), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or a prohibited off-the-record communication relevant to the merits of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not part of, the

decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such requests only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication should serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of exempt and prohibited off-the-record communications recently received in the Office of the Secretary. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For Assistance, call (202) 502-8222 or for TTY, (202) 502-8659.

[Project No. 12120-001]

North Unit Irrigation District; Notice of Surrender of Preliminary Permit

October 8, 2002.

Take notice that North Unit Irrigation District, permittee for the proposed Wickiup Dam Project, has requested that

its preliminary permit be terminated. The permit was issued on February 7, 2002, and would have expired on January 31, 2005. The project would have been located on the Deschutes River in Deschutes County, Oregon.

The permittee filed the request on August 5, 2002, and the preliminary permit for Project No. 12120 shall remain in effect through the thirtieth day after issuance of this notice unless that day is a Saturday, Sunday, or holiday as described in 18 CFR

385.2007, in which case the permit shall remain in effect through the first business day following that day. New applications involving this project site, to the extent provided for under 18 CFR part 4, may be filed on the next business day.

You may submit your ideas and suggestions electronically through the TRI Stakeholder Outreach Web site at: <http://www.epa.gov/tri/programs/stakeholders/outreach.htm> during the time period specified in this notice.

D. How Should I Handle Confidential Business Information (CBI) That I Want To Submit to the Agency?

Do not submit any information that you consider to be confidential business information (CBI) under this notice.

II. Background

EPA is undertaking a stakeholder dialogue for the Toxics Release Inventory (TRI) program. While the TRI program has been very successful, EPA is continuing to seek ways to improve the program. Given the community focus of the TRI program and the broad and varied uses of the TRI data, it is important that EPA receive input from all stakeholders—the states, the reporting community and other businesses, community and environmental groups, researchers, and the public.

The stakeholder dialogue process will have two phases. Phase 1 will focus on the reporting, collecting, processing, and annual release of the TRI data. Specifically, EPA is seeking comment on ways to: (1) Improve the compliance
