BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5828-N-19]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 402-3970; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to: Ms. Theresa M. Ritta, Chief Real Property Branch, the Department of Health and Human Services, Room 5B-17, Parklawn

Building, 5600 Fishers Lane, Rockville, MD 20857, (301) 443-2265 (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Ann Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: AGRICULTURE: Ms. Debra Kerr, Department of Agriculture, Reporters Building, 300 7th Street SW., Room 300, Washington, DC 20024, (202) 720-8873; AIR FORCE: Mr. Robert E. Moriarty, P.E., AFCEC/CI, 2261 Hughes Avenue, Ste. 155, JBSA Lackland, TX 78236-9853; GSA: Mr. Flavio Peres, General Services Administration, Office of Real Property Utilization and Disposal, 1800 F Street NW., Room 7040, Washington, DC 20405, (202) 501-0084; NAVY: Mr. Steve Matteo, Department of the Navy, Asset Management; Division, Naval Facilities Engineering Command,

SUPPLEMENTARY INFORMATION: Interior established the Committee on July 26, 2012, in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended (5 U.S.C. App. 2), and with the concurrence of the General Services Administration. The

Committee serves as the U.S. Extractive Industries Transparency Initiative Multi-Stakeholder Group and advises the Secretary of the Interior on design and implementation of the initiative.

The Committee does the following:

- Oversees the U.S. implementation of the Extractive Industries Transparency Initiative (EITI), a global standard for governments to publicly disclose revenues received from oil, gas, and mining assets belonging to the government, with parallel public disclosure by companies of payments to the government (such as royalties, rents, bonuses, taxes, or other payments)
- Develops and recommends to the Secretary a fully-costed work plan, containing measurable targets and a timetable for implementation and incorporating an assessment of capacity constraints; this plan will be developed in consultation with key EITI stakeholders and published upon completion

- Provides opportunities for collaboration and consultation among stakeholders
- Advises the Secretary and posts for consideration by other stakeholders proposals for conducting long-term oversight and other activities necessary to achieve and maintain EITI-compliant status

The Committee consists of representatives from three stakeholder sectors. The sectors are as follows:

- Industry—including non-Federal representatives from the extractive industry—including oil, gas, and mining companies and industry-related trade associations.
- Civil society, including organizations with an interest in extractive industries, transparency, and government oversight; members of the public; and public and/or private investors.
- Government, including Federal, State, local, and Tribal governments and individual Indian mineral owners.

In addition to honoring the EITI principle of self-selection within the stakeholder sector, we will consider the following criteria when making final selections:

- Understanding of and commitment to the EITI process
- Ability to collaborate and operate in a multi-stakeholder setting
- Access to and support from a relevant stakeholder constituency
- Basic understanding of the extractive industry and/or revenue collection or willingness to be educated on such matters

Nominations should include a resume providing relevant contact information and an adequate description of the
