

the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before April 6, 2015.

ADDRESSES: Submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the Desk Officer for the Department of Homeland Security, Federal Emergency Management Agency, and sent via electronic mail to oir.submission@omb.eop.gov or faxed to (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Records Management Division, 500 C Street SW., Washington, DC 20472-3100, facsimile number (202) 212-4701, or email address FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: A Correction 60-day **Federal Register** Notice inviting public comments was published on February 9, 2015 (80 FR 7004), correcting the docket ID in the **ADDRESSES** section and extending the deadline.

Collection of Information

Title: Standard Flood Hazard Determination Form.

Type of information collection: Revision of a currently approved information collection.

OMB Number: 1660-0040.

Form Titles and Numbers: FEMA Form 086-0-32, Standard Flood Hazard Determination Form (SFHDF). FEMA received four comments on the form. In response to the comments, FEMA changed FEMA Form 086-0-32 to (1) return it to a single page, (2) clarify the language of the form and the information pages, (3) offer users a wider variety of suggested information so the form will be simpler to use than in the past; (4) indicate that a preparer may add additional comments/pages/data as needed; and (5) to direct the user to the applicable servicer, lender or regulatory entity as applicable if they need guidance regarding their use of the form. A few of the comments asked for changes to the form outside FEMA's authority.

Abstract: FEMA Form 086-0-32, SFHDF is used by regulated lending institutions, federal agency lenders, related lenders/regulators, and the Government. Federally regulated lending institutions complete this form when making, increasing, extending, renewing or purchasing each loan for the purpose is of determining whether

flood insurance is required and available. The form may also be used by property owner, insurance agents, realtors, community officials for flood insurance related documentation.

Affected Public: Business or other for-profit.

Estimated Number of Respondents: 46,456,460.

Estimated Total Annual Burden Hours: 15,330,632 hours.

Estimated Cost: The estimated annual cost to respondents for the hour burden is \$951,265,715.60. There are no annual costs to respondents' operations and maintenance costs for technical services. There are no annual start-up or capital costs. The cost to the Federal Government is \$5,409.18. The corrected cost reflects an increase of \$1,100.18 from the 60-day **Federal Register** Notice because of a clerical error in reporting the correct salary for the federal employee.

Dated: February 27, 2015.

Terry Cochran,

Acting Director, Records Management Division, U.S. Department of Homeland Security, Federal Emergency Management Agency, Mission Support.

BILLING CODE 9110-11-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2015-0001; Internal Agency Docket No. FEMA-B-1472]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR), in

accordance with Title 44, Part 65 of the Code of Federal Regulations (44 CFR part 65). The LOMR will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings. For rating purposes, the currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will become effective on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

Submit comments and/or appeals to the Chief Executive Officer of the community as listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map repository address where the flood hazard determination information is available for inspection is provided.

Any request for reconsideration of flood hazard determinations must be submitted to the Chief Executive Officer of the community as listed in the table below.

The modifications are made pursuant to section 201 of the Flood Disaster

Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required.

They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

The affected communities are listed in the following table. Flood hazard determination information for each community is available for inspection at both the online location and the

respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.
