

with BP in a Consent Decree approved by the United States District Court for the Eastern District of Louisiana. Pursuant to that Consent Decree, restoration projects in the Louisiana Restoration Area are now chosen and managed by the Louisiana TIG. The Louisiana TIG is composed of the following Trustees: CPRA, LOSCO, LDEQ, LDWF, LDNR, EPA, DOI, NOAA, USDA.

### Background

In the December 2017 Draft RP/EA #2, the Louisiana TIG presented to the public its plan for providing partial compensation for recreational use services lost as a result of the *Deepwater Horizon* oil spill. The public comment period for the Draft RP/EA #2 began on December 20, 2017, and closed on February 2, 2018. The Louisiana TIG hosted a public meeting on January 24, 2018, in New Orleans. The Draft RP/EA #2 proposed four restoration projects, evaluated in accordance with OPA and NEPA, including the Elmer's Island Access project. As proposed, the Elmer's Island Access project would enhance recreational opportunities within the Elmer's Island Refuge by incorporating a suite of features to improve upon existing access points, enhance the natural features of the area through reconnected hydrology, and develop a solution for improved access for recreational fishing activities targeting the eastern portion of Elmer's Island adjacent to Caminada Pass. In response to the public comments received on the Elmer's Island Access project proposed in the Draft RP/EA #2, the Louisiana TIG is proposing a modification to the original project feature. This modification would eliminate the proposed boardwalk and associated small boat launch and parking area at Elmer's Island, and provide a beach shuttle service that would allow improved public access to Caminada Pass, the most popular location for recreational fishing on Elmer's Island. The Louisiana TIG has prepared the Draft Supplemental RP/EA to inform the public about the proposed modification to the Elmer's Island Access project and to seek public comment.

### Next Steps

The public is encouraged to review and comment on the Draft Supplemental RP/EA. A public meeting is scheduled to also help facilitate the public review and comment process. Comments provided on the Draft Supplemental RP/EA will be considered along with comments previously received on the Draft RP/EA #2. A summary of comments received on the

Draft Supplemental RP/EA and the Draft RP/EA #2 and the Louisiana TIG's responses, where applicable, will be included in the Final Restoration Plan/Environmental Assessment #2: Provide and Enhance Recreational Opportunities (Final RP/EA #2). Public comments on the Draft Supplemental RP/EA will inform the Louisiana TIG's decision on whether to select the Elmer's Island Access project, as modified, in the Final RP/EA #2.

### Administrative Record

The documents comprising the Administrative Record for the Draft Supplemental RP/EA can be viewed electronically at <http://www.doi.gov/deepwaterhorizon/administrativerecord>.

### Authority

The authority for this action is the Oil Pollution Act of 1990 (33 U.S.C. 2701 *et seq.*), its implementing NRDA regulations found at 15 CFR part 990, and NEPA (42 U.S.C. 4321 *et seq.*).

Dated: May 3, 2018.
