Air Plan Approval; NC; Open Burning and Miscellaneous Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: Due to adverse comments received, the Environmental Protection Agency (EPA) is amending the North Carolina State Implementation Plan (SIP) to remove some provisions made effective through the direct final rule that was published on July 18, 2017. EPA stated that if adverse comments were received by the close of the comment period, the rule would be withdrawn and not take effect, or if adverse comments were received on an amendment, paragraph, or section of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. EPA received adverse comments on two specific SIP revisions. Therefore, EPA is removing only the portions of the SIP related to those two revisions.

DATES: This rule is effective January 10, 2018.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA–R04–OAR–2007–0085. All documents in the docket are listed on the www.regulations.gov

website. Although listed in the index, some information may not be publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

SUPPLEMENTARY INFORMATION: On July 18, 2017, EPA published a direct final rule (82 FR 32767) approving several revisions to the North Carolina SIP. The revisions consisted of changes to or the addition of the following regulations: 15A NCAC Subchapter 2D—Air

Pollution Control Requirements, Section .0101, *Definitions*; Section .0103, *Copies of Referenced Federal Regulations*; Section .1901 *Purpose, Scope, and Impermissible Open Burning Section*; .1902, *Definitions*; Section .1903, *Permissible Open Burning Without An Air Quality Permit*; Section .2001, *Purpose, Scope, and Applicability*; and 15A NCAC Subchapter 2Q—Air Quality Permits, Section .0103, *Definitions*; Section .0105, *Copies of Referenced Documents*; Section .0304, *Applications*; Section .0305, *Application Submittal Content*; Section .0806, *Cotton Gins*; Section .0808, *Peak Shaving Generators*; and Section .0810, *Air Curtain Burners*. On the same day, EPA published proposed rule (82 FR 32782), proposing approval of those same revisions to the North Carolina SIP and providing a 30-day comment period for both the direct final rule and the proposed rule.¹ The direct final rule explained that if EPA received adverse comments, the Agency would withdraw the relevant portion(s) of the direct final action. EPA received adverse comments on the portions of the rulemaking related to the North Carolina regulations 15A NCAC Subchapter 2Q—Air Quality Permits, Section .0808, *Peak Shaving Generators*, and Section .0810, *Air Curtain Burners*, only. However, EPA was not able to withdraw these portions of the direct final action before the action became effective. Therefore, EPA is amending § 52.1770 by removing the portions of the SIP related to these two North Carolina regulations. EPA is not

opening an additional comment period. At a later date, the Agency may finalize action on these two regulations based on the July 18, 2017 propose rule and respond to the comments in the final action. All other North Carolina regulations that were the subject of the July 18, 2017 direct final rule are not affected by this removal and were incorporated by reference into the SIP as of September 18, 2017, the effective date of the direct final rule (82 FR 32767).

Determination To Defer Sanctions; Arizona Department of Environmental Quality; PM_{2.5}

AGENCY: Environmental Protection Agency (EPA).

ACTION: Interim final determination.

SUMMARY: The Environmental Protection Agency (EPA) is making an interim final determination that the State of Arizona has corrected a deficiency in its Clean Air Act (CAA or Act) state implementation plan (SIP) provisions concerning air permitting. Specifically, based on a proposed conditional approval published elsewhere in this **Federal Register**, and based on a prior proposed approval, previously

published in the **Federal Register**, EPA is making an interim final determination that the State of Arizona (State) has satisfied the requirements of part D of the CAA permitting program for areas under the jurisdiction of the Arizona Department of Environmental Quality (ADEQ) with respect to fine particulate matter (PM_{2.5}) precursors. The effect of this interim final determination that the State has corrected the deficiency in the permitting program is that the imposition of sanctions that were triggered by a previous limited disapproval action by EPA in 2016 is now deferred. If the State meets its commitment that is the basis for the conditional approval, relief from these sanctions will become permanent upon the EPA’s full approval of the State submission. If the EPA determines that the State has not met its commitment and the conditional approval is converted to a disapproval, these sanctions will no longer be deferred.

DATES: This interim final determination is effective on January 10, 2018. However, comments will be accepted until February 9, 2018.

ADDRESSES: Submit comments, identified by Docket ID No. EPA–R09–OAR–2017–0255, at <https://www.regulations.gov>, or via email to R9airpermits@epa.gov. For comments submitted at [Regulations.gov](https://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be removed or edited from [Regulations.gov](https://www.regulations.gov). For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system).
