Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Gatrie Johnson, NASA Clearance Officer, NASA Headquarters, 300 E Street SW, JF0000, Washington, DC 20546 or email Gatrie.Johnson@nasa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This is a request to renew OMB control number 2700-0092. This collection is required to ensure proper accounting of Federal funds and property provided under financial assistance awards (grants and cooperative agreements). Reporting and recordkeeping are prescribed at 2 CFR part 1800 for awards issued to nonprofits, institutions of higher education, government, and commercial firms when cost sharing is not required and 14 CFR part 1274 for awards issued to commercial firms when cost sharing is required.

II. Methods of Collection

Proposals are submitted through the NASA Solicitation and Proposal Integrated Review and Evaluation System (NSPIRES) or *Grants.gov*. The use of these systems reduces the need for proposers to submit multiple copies to the agency. It allows proposers to submit multiple proposals to different funding announcements without registering each time. Electronic funds transfer is used for payment under Treasury guidance, for commercial firms and through the HHS Payment Management System (PMS) for other recipients. In addition, NASA encourages the use of computer technology and is participating in Federal efforts to extend the use of information technology to more Government processes.

Basis of Estimate

Approximately 6,100 NASA financial assistance awards are open at any one time. It is estimated that out of the 7,100 proposals received each year, NASA awards approximately 1,600 new awards. The period of performance for each financial assistance award is usually three to five years. NASA had approximately 120 awards with commercial firms. Commercial firms submit quarterly payment requests directly to NASA, while other recipients submit the Federal Financial Reports (SF 425) on a quarterly basis to the HHS PMS. Performance, Property, and Patent Reports are filed annually. Historical records indicate that, on average, 1,625 changes are submitted annually. The

total number of respondents is based on the average number of proposals that are received each year and the average number of active grants that are managed each year. The total number of hours spent on each task was estimated through historical records and experience of former recipients. Using past calculations, the total cost was estimated using the average salary (wages and benefits) for a GS-12 step 5.

NUCLEAR REGULATORY COMMISSION

[NRC-2019-0163]

Use of Listserv for Low-Level Waste Program Correspondence

AGENCY: Nuclear Regulatory Commission.

ACTION: Implementation of electronic distribution of low-level waste program correspondence.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing this document to inform the public that, as of August 15, 2019, publicly-available low-level waste program correspondence originating from the Division of Decommissioning, Uranium Recovery, and Waste Programs (DUWP) in the Office of Nuclear Material Safety and Safeguards (NMSS) will be transmitted by a computer-based email distribution system Listserv to addressees and subscribers. This change does not affect the availability of official agency records in the NRC's Agencywide Documents Access and Management System (ADAMS).

DATES: This initiative will be implemented on August 15, 2019.

ADDRESSES: Please refer to Docket ID NRC-2019-0163 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2019-0163. Address questions about NRC docket IDs in *Regulations.gov* to Jennifer Borges;

telephone: 301-287-9127; email: Jennifer.Borges@nrc.gov.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to pdr.resource@nrc.gov.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: The DUWP currently already uses Listserv to distribute correspondence for Waste Incidental to Reprocessing (WIR) Program Documents (82 FR 33160; July 19, 2017) as well as reactors in decommissioning (83 FR 49434; October 1, 2018). Public feedback regarding this process has been positive, as it allows for other stakeholders to be notified of and receive NRC's correspondence to addressees in a timely manner. Distribution of documents containing safeguards, proprietary or security-related information, or other information that is withheld from public disclosure will not be affected by this initiative.

This initiative of establishing a Low-Level Waste Program ListServ will be implemented on August 15, 2019. For those members of the public who are currently on the NRC low-level waste program email list and are already receiving NRC emails with links to publicly-available low-level waste program documents, your email addresses have already been transferred to the Low-Level Waste Program ListServ. You will continue to receive NRC correspondences via email in the future and do not need to take further action.

If any other members of the public would like to start receiving NRC emails with a link to future publicly-available low-level waste program documents, please sign-up for the ListServ using the following steps: (1) Go to the NRC's public website and select "Public Meetings & Involvement," (2) select "Subscribe to Email Updates," (3) select "Lyris Subscription Services" and check the box for "LLW Distribution," (4)

enter the email address through which you want to receive the NRC Listserv emails, and (5) click on "Subscribe."
