SUPPLEMENTARY INFORMATION:

I. Comments Invited

Interested parties are invited to participate in this Notice of Proposed Rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal.

II. Background

The Indian Gaming Regulatory Act (IGRA or Act), Public Law 100-497, 25 U.S.C. 2701 *et seq.*, was signed into law on October 17, 1988. The Act establishes the NIGC and sets out a comprehensive framework for the regulation of gaming on Indian lands. On September 21, 2012, the NIGC published a final rule in the **Federal Register** called *Minimum Technical Standards for Class II Gaming Systems and Equipment*. 77 FR 58473. The standards are designed to assist tribal gaming regulatory authorities and operators with ensuring the integrity and security of Class II gaming, the accountability of Class II gaming revenue, and provide guidance to equipment manufacturers and distributors of Class II gaming systems.

On November 18, 2010, the NIGC issued a Notice of Inquiry and Notice of Consultation advising the public that the NIGC has endeavored to conduct a comprehensive review of its regulations and requesting public comment on which were most in need of revision, in what order the Commission should review its regulations, and the process NIGC should utilize to make revisions. 75 FR 70680. On April 4, 2011, after consulting with tribes and reviewing all comments, the NIGC published a Notice of Regulatory Review Schedule (NRR) setting out a consultation schedule and process for review. 76 FR 18457. Part 547 was included in the third regulatory group reviewed pursuant to the NRR.

Section 547.5(e)(5) of the final rule states that the Part does not apply to a charitable gaming operation provided that, among other things, the amount of

gross gaming revenue of the charitable gaming operation does not exceed \$1,000,000. This Notice of Proposed Rulemaking proposes to amend § 547.5(e)(5) to change that amount from \$1,000,000 to \$3,000,000.

At the same time the NIGC published the Minimum Technical Standards, it published Minimum Internal Control Standards for Class II Gaming (MICS). 77 FR 58707. Like the Technical Standards, the MICS exempt charitable gaming operations that earn less than a set threshold amount. The Commission increased that amount in the MICS from \$1,000,000 to \$3,000,000.

The Commission proposes to amend § 547.5(e)(5) of the Technical Standards to harmonize the charitable gaming exemptions in the Technical Standards and MICS and ensure that the exemption for a “charitable gaming operation” is consistent throughout the NIGC’s regulations.

III. Regulatory Matters

Regulatory Flexibility Act

The proposed rule will not have a significant impact on a substantial number of small entities as defined under the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* Moreover, Indian Tribes are not considered to be small entities for the purposes of the Regulatory Flexibility Act. The rule does not have an effect on the economy of \$100 million or more. Kentucky Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Proposed rule; public comment period and opportunity for public hearing on proposed amendment.

SUMMARY: We, the Office of Surface Mining Reclamation and Enforcement (OSM), are announcing receipt of a proposed amendment to the Kentucky regulatory program (“the Kentucky program”) for surface coal mining and reclamation operations under the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act). Kentucky has revised its bonding regulations to satisfy, in part, the concerns included in a letter from OSM dated May 1, 2012, regarding bonding inadequacies. On May 4, 2012, Kentucky adopted the revisions as emergency regulations to avoid possible loss of its authority to enforce the part of the Kentucky program that pertains to establishment of reclamation bond amounts. Also on May 4, 2012, identical proposed revisions started the normal review process in Kentucky for changes to administrative regulations. On September 28, 2012, the Department for Natural Resources (DNR), which is a part of Kentucky’s Energy and Environment Cabinet (EEC), submitted to OSM the administrative bonding regulations as proposed amendments to its approved permanent regulatory program.

DATES: We will accept electronic or written comments on the proposed rules until 4:00 p.m., Eastern Time March 22, 2013. If requested, we will hold a public hearing on March 18, 2013. We will accept requests to speak until 4:00 p.m., local time on March 7, 2013.
