

Paper Comments

• Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-CBOE-2009-090. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-CBOE-2009-090 and should be submitted on or before December 29, 2009.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³

Florence E. Harmon,

Deputy Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61099; File No. SR-NYSE-2009-115]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Its Warrant Initial Listing Standard To Exempt From the Minimum Holders Requirement Any Series of Warrants That Is Listed in Connection With the Initial Firm Commitment Underwritten Public Offering of Such Warrants

December 2, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that, on November 16, 2009, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule changes as described in Items I and II below, which items have been prepared by the Exchange. The Exchange has designated this proposal eligible for immediate effectiveness pursuant to Rule 19b-4(f)(6)³ under the Act. The Commission is publishing this notice to solicit comments on the proposed rule changes from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its warrant listing standard set forth in Section 703.12 of the Listed Company Manual (the "Manual") to exempt from the minimum holders requirement of Section 703.12 any series of warrants that is listed in connection with the initial firm commitment underwritten public offering of such warrants.

The text of the proposed rule change is available on NYSE's Web site at www.nyse.com, on the Commission's Web site at <http://www.sec.gov>, at NYSE's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received

on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NYSE has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The NYSE's initial listing standard for warrants set forth in Section 703.12 of the Manual requires that, at the time of initial listing, there are at least 1,000,000 warrants outstanding with at least 400 holders and a market value of at least \$4 million.

The Exchange proposes to amend Section 703.12 to exempt from the 400 holders requirement any series of warrants listed in connection with the initial firm commitment underwritten public offering of such warrants. Warrants that benefit from this exemption will still be required to meeting the 1,000,000 warrants outstanding and \$4 million market value requirements of Section 703.12.

The Exchange believes that a primary purpose of distribution requirements in listing standards is to ensure a liquid trading market, promoting price discovery and the establishment of an appropriate market price for the listed securities. In the case of warrants, the Exchange believes that this liquidity concern is partially addressed by the fact that the market price for a warrant is in large part determined by the trading price of the underlying common stock. Warrant values are primarily determined using valuation models which factor in the trading price of the underlying stock, the warrant exercise price and the expiration date of the warrant.

Generally, warrants that are listed on the Exchange have either (i) been distributed to the pre-restructuring shareholders or creditors of a company in connection with its emergence from bankruptcy or (ii) were sold in an underwritten public offering as part of a unit which included warrants and common stock. In either case, the bankruptcy-related distribution or the underwritten public offering of units typically results in a significant number of holders of the warrants. The Exchange has not had any recent experience with the listing of warrants sold on a stand-alone basis in an underwritten public offering. However, the Exchange believes that the sale of warrants in an underwritten public

² 17 CFR 240.19b-4.

³ 17 CFR 240.19b-4(f)(6).

¹³ 17 CFR 200.30-3(a)(12).

offering provides an additional basis for believing that a liquid trading market will likely develop for such warrants after listing, since the offering process is designed to promote appropriate price discovery. Moreover, the underwriters in a firm commitment underwritten public offering will also generally make a market in the securities for a period of time after the offering, assisting in the creation of a liquid trading market. For the foregoing reasons, the Exchange believes that it is consistent with the protection of investors and the public interest to exempt from the holders requirement of Section 703.12 any series of warrants that is listed in connection with the initial firm commitment underwritten public offering. The Exchange notes that Nasdaq Global Market's warrant listing standard does not contain any minimum holders requirement.⁴

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)⁵ of the Act, in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposed amendment is consistent with the investor protection objectives of the Act in that (i) the concern that a liquid trading market will develop for listed securities that underlies listing standard distribution requirements is partially addressed by the fact that the market price for a warrant is in large part determined by the trading price of the underlying common stock, (ii) the sale of warrants in an underwritten public offering provides an additional basis for believing that a liquid trading market will likely develop for such warrants after listing, since the offering process is designed to promote appropriate price discovery, and (iii) the underwriters in a firm commitment underwritten public offering will also generally make a market in the securities for a period of time after the offering, assisting in the creation of a liquid trading market.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6)⁸ thereunder because the proposal does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.⁹

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay period.

The Commission believes that waiver of the 30-day operative delay period is consistent with the protection of investors and the public interest. Specifically, the Commission believes that the NYSE's narrowly crafted proposal, that exempts from the 400 holders requirement only those warrants that are issued through an initial firm commitment underwritten public offering, helps to address the liquidity and price discovery concerns that underlie the minimum holder requirement. The Commission notes that the underwriters in an initial firm commitment public offering in such warrants would generally make a market for a period of time after the offering,

thereby alleviating short term liquidity concerns. Moreover, as noted by the NYSE, the price of such warrants would be established by the firm commitment underwritten offering process, in addition to the price of the underlying security, the exercise price of the warrants, and the expiration of the warrants. Finally, the Commission notes that these warrants would have to meet all the other requirements under NYSE's Listed Company Manual Section 703.12, which includes minimum aggregate market value and size requirements. For these reasons, the Commission believes it is consistent with the protection of investors and the public interest to waive the 30-day operative delay and the proposal is effective upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such proposed rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹²

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NYSE-2009-115 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSE-2009-115. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61086; File No. SR-ISE-2009-103]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing of Proposed Rule Change Relating to Market Data Fees

December 1, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 25, 2009, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission the proposed rule change as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to amend its Schedule of Fees to (1) increase the annual subscription rate for the ISE Open/Close Trade Profile, (2) adopt subscription fees for the sale of three new market data offerings, all of which are based on the ISE Open/Close Trade Profile, and (3) increase the annual subscription and ad-hoc request rates for ISE's Historical Options Tick Data. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

ISE proposes to amend its Schedule of Fees to (1) increase the annual subscription rate for the ISE Open/Close Trade Profile, (2) adopt subscription fees for the sale of three new market data offerings, all of which are based on the ISE Open/Close Trade Profile, and (3) increase the annual subscription and ad-hoc request rates for ISE's Historical Options Tick Data. These proposed fee changes will be operative on January 4, 2010.

ISE Open/Close Trade Profile

ISE currently sells a market data offering comprised of the entire opening and closing trade data of ISE listed options of both customers and firms, referred to by the Exchange as the ISE Open/Close Trade Profile.³ The ISE Open/Close Trade Profile offering is subdivided by origin code (*i.e.*,

customer or firm) and the customer data is then further subdivided by order size. The volume data is summarized by day and series (*i.e.*, symbol, expiration date, strike price, call or put). The ISE Open/Close Trade Profile enables subscribers to create their own proprietary put/call calculations. The data is compiled and formatted by ISE as an end of day file. This market data offering is currently available to both members and non-members on annual [*sic*] subscription basis. The current subscription rate for both members and non-members is \$600 per month. Over the course of the last two years, ISE has added numerous additional fields to this offering. As a result, ISE's costs of gathering and storing the voluminous data underlying the ISE Open/Close Trade Profile have increased. As a result, ISE proposes to increase the subscription rate for both members and non-members to \$750 per month, effective January 1, 2010. [*sic*]⁴

ISE also sells historical ISE Open/Close Trade Profile, a market data offering comprised of the entire opening and closing trade data of both customers and firms that dates back to May 2005, to both members and non-members, on an ad-hoc basis or as a complete set that dates back to May 2005. Ad-hoc subscribers can purchase this data for any number of months, beginning from May 2005 through the current month. Alternatively, subscribers can purchase the entire set of this data, beginning from May 2005 through the current month. The historical ISE Open/Close Trade Profile is compiled and formatted by ISE and sold as a zipped file. ISE charges ad-hoc subscribers \$600 per request for each month of data and a discounted fee of \$500 per request per month for subscribers that want the complete set, *i.e.*, from May 2005 to the present month. ISE is not proposing any changes to the fee for historical ISE Open/Close Trade Profile.

ISE Open/Close Trade Profile Intraday

The Exchange now proposes to expand its suite of ISE Open/Close Trade Profile market data offerings with three new products.

1. ISE Open/Close Trade Profile Intraday

The ISE Open/Close Trade Profile Intraday offering uses the same process as that used for the ISE Open/Close Trade Profile. The ISE Open/Close Trade Profile Intraday has the same trade-related fields contained in the ISE Open/Close Trade Profile. The ISE

⁴ ISE intends to implement the new fees on January 4, 2010. See *supra* the first paragraph of Section II.A.1.
