SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 2010–12954 of May 28,
2010 (75 FR 30244), there were two

technical errors that are identified and
corrected in the “Correction of Errors”
section below. The provisions in this
correction notice are effective as if they
had been included in the document
published May 28, 2010. Accordingly,
the corrections are effective July 1, 2010.

II. Summary of Errors

On page 30255, in the preamble under
Section III, “Provisions of the Revised
Final Rule,” we set forth the definition
of “Indian health care provider.” On
page 30256, we specify that the
definition is added to a new paragraph
(b) under § 447.50. However, on page
30261, we inadvertently omitted the
definition of “Indian health care
provider” from § 447.50 (b) of the
regulations text.

On page 30264, we inadvertently
omitted a statutory exception to the
policy specified in the amended
paragraph (b) under § 447.74 of the
regulations text. According to section
1916A(e)(2) of the Social Security Act
(the Act), the limitation to 20 percent of
the State Medicaid agency’s payment for
alternative cost sharing imposed on
individuals with family income more
than 150 percent of the Federal poverty
level (FPL) does not apply to non-
emergency services furnished in a
hospital emergency department.

III. Waiver of Proposed Rulemaking

We ordinarily publish a notice of
proposed rulemaking in the **Federal
Register** to provide a period for public
comment before the provisions of a rule
take effect in accordance with section
553(b) of the Administrative Procedure
Act (APA) (5 U.S.C. 553(b)). However,
we can waive this notice and comment
procedure if the Secretary finds, for
good cause, that the notice and
comment process is impracticable,
unnecessary, or contrary to the public
interest, and incorporates a statement of
the finding and the reasons therefore in
the notice.

Section 553(d) of the APA ordinarily
requires a 30-day delay in effective date
of final rules after the date of their
publication in the **Federal Register**.
This 30-day delay in effective date can
be waived, however, if an agency finds
for good cause that the delay is
impracticable, unnecessary, or contrary
to the public interest, and the agency
incorporates a statement of the findings
and its reasons in the rule issued.

With respect to our proposal to add a
definition of “Indian health care
provider” as a new paragraph (b)(2) in
§ 447.50 of the regulations text, we
inadvertently omitted this definition
from the revised final rule. In the
preamble under Section III, Provisions
of the Revised Final Rule, we gave the
new definition on page 30255. Also, on
page 30256, we mentioned that the
definition of “Indian health care
provider” is added to a new paragraph
(b) under § 447.50. Because the intended
content of the regulation is clear when
the document is read as a whole, we
believe further process is unnecessary.
We further believe that correction of the
error is in the public interest because it
would avoid confusion. Therefore, we
find good cause to waive a notice of
proposed rulemaking and delayed
effective date.

With respect to our proposal to add an
exception to the policy specified in the
amended paragraph (b) under § 447.74,
section 1916A(e)(2) of the Act makes
clear that the limitation to 20 percent of
the State Medicaid agency’s payment for
alternative cost sharing imposed on
individuals with family income more
than 150 percent of the Federal poverty
level (FPL) does not apply to non-
emergency services furnished in a
hospital emergency department. Since
this change is necessary to accurately
reflect the statutory requirements, we
believe that correction of this error is in
the public interest because it will
prevent confusion as to those

requirements. Therefore, we find good cause to waive a notice of proposed rulemaking and delayed effective date in order to comply with the statutory exemption of this service from the requirements specified in § 447.74(b).

IV. Correction of Errors

Regulations Text

■ Accordingly, CMS amends 42 CFR part 447, as amended in FR Doc. 2010–12954 of May 28, 2010 (75 FR 30244), effective July 1, 2010, by making the following corrections:

* * * * *

(b) Cost sharing may be imposed under the State plan on individuals whose family income exceeds 150 percent of the FPL if the cost sharing does not exceed 20 percent of the payment the agency makes for the item or service (including a non-preferred drug but not including non-emergency services furnished in a hospital emergency department), with the following exception: In the case of States that do not have fee-for-service payment rates, any copayment that the State imposes for services provided by an MCO to a Medicaid beneficiary, including a child covered under a Medicaid expansion program for whom enhanced match is claimed under title XXI of the Act, may not exceed \$3.40 per visit for Federal FY 2009.

Thereafter, any copayment may not exceed this amount as updated each October 1 by the percentage increase in the medical care component of the CPI–

U for the period of September to September ending in the preceding calendar year and then rounded to the next highest 5-cent increment.

44 CFR Part 64

[Docket ID FEMA–2010–0003; Internal Agency Docket No. FEMA–8137]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date.

DATES: Effective Dates: The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact David Stearrett, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–2953.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return,

communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the NFIP, 42 U.S.C. 4001 *et seq.*; unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, FEMA has identified the Special Flood Hazard Areas (SFHAs) in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may legally be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year, on FEMA's initial flood insurance map of the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension
