

WAPA.⁷ In 1977, section 302 of the Department of Energy Organization Act transferred the power marketing functions of the Department of the Interior to the Secretary of Energy, acting by and through a separate Administrator for WAPA.⁸ Under this authority, WAPA markets Federal hydropower. As part of WAPA's marketing authority, WAPA needs to obtain information from interested entities who desire an allocation of Federal power using the APD form. The Paperwork Reduction Act of 1995 requires WAPA to obtain a clearance from OMB before collecting this information through the APD form.⁹

II. This Process Determines the Format of the APD and Is Not a Call for Applications

This public process and the associated **Federal Register** notice only determine the information that WAPA will collect from an entity desiring to apply for a Federal power allocation. This public process is a legal requirement that WAPA must fulfill before WAPA can request information from potential preference customers.

This public process is not the process whereby interested parties request an allocation of Federal power. The actual allocation of power is outside the scope of this proceeding. Please do not submit a request for Federal power in this process. Later, and as appropriate, WAPA will issue calls for applications as part of project-specific marketing plans. When WAPA issues a call for applications, the information WAPA proposes to collect is voluntary. WAPA will use the information collected, in conjunction with its project-specific marketing plans, to determine an entity's eligibility, and ultimately which entities will receive an allocation of Federal power.

III. Invitation for Comments

WAPA intends to extend and reuse the APD form approved under OMB control number 1910-5136. The extension would continue use of the form through March 31, 2027. WAPA is proposing some ministerial changes to the APD. The proposed APD form, including a list of ministerial changes and the reason for such changes, is available on WAPA's website at <http://www.wapa.gov/PowerMarketing/Pages/>

[applicant-profile-data.aspx](#). Comments are invited on: (1) whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on applicants, including the use of automated electronic, mechanical or other collection techniques, or other forms of information technology. After considering all public comments, WAPA will publish a second notice in the **Federal Register** submitting the APD to OMB.

Signing Authority

This document of the Department of Energy was signed on July 24, 2023, by Tracey LeBeau, Administrator, pursuant to delegated authority from the Secretary of Energy. That document, with the original signature and date, is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE **Federal Register** Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: Indoor airPLUS is aimed at forming public-private partnerships that help prevent various forms of indoor air pollution and their associated health risks. This ICR covers information collection activities under the EPA's newly revised Indoor airPLUS program. Indoor airPLUS is a voluntary certification labeling program that represents value-added marketability that home builders, verification companies, and oversight organizations can use to distinguish themselves from competition, while homeowners see increased comfort and a healthier and safer home with improved indoor air quality (IAQ) by requiring construction practices and product specifications that minimize exposure to airborne pollutants and contaminants.

Form Numbers:

- A Partnership Agreement for Home Builder/Verification Organization/Home Certification Organizations (Voluntary)
- Indoor airPLUS Verification Checklist/Home Certification Organizations Certification Process (Voluntary)
- Indoor airPLUS Quarterly Reporting for Homebuilders/Raters (Voluntary)
- Leader Award Applications Builder/Affordable Builder/Rater (Voluntary)

Respondents/affected entities:

Respondents for this information collection request include Indoor airPLUS partners, including homebuilders and developers, verification organizations (raters and rating providers), and home certification organizations. The following is a list of Standard Industrial Classification (SIC) codes and corresponding North American Industry Classification System (NAICS) codes for industry segments which may be affected by information collections covered under this ICR for the Indoor airPLUS Program: Utilities (22), Construction (23), Retail Trade (44-45), Transportation and Warehousing (48-49), Finance and Insurance (52), Real Estate and Rental and Leasing (53), Professional, Scientific, and Technical Services (54), and Public Administration (92).

Respondent's obligation to respond: voluntary (Clean Air Act, section 103).

Estimated number of respondents: 566 new and 2,142 active participants respondents from section 6 of the ICR (total).

Frequency of response: Once per year (on average).

Total estimated burden: 11,205 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$1,136,611 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in estimates: This is a new ICR, no changes in burden currently applicable.

Jonathan D. Edwards,

Director, Office of Radiation and Indoor Air.
