## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

**Agency:** National Oceanic and Atmospheric Administration (NOAA).

**Title:** Coastal Zone Management Program Administration Grants, Performance Reports, Amendments and Routine Program Changes, Section 306A and Section 309 Requirements, and Section 6217 Coastal Nonpoint Pollution Program.

**OMB Control Number:** 0648-0119.

**Form Number(s):** None.

**Type of Request:** Regular (revision and extension of a currently approved information collection).

**Number of Respondents:** 34.

**Average Hours Per Response:** Coastal Zone Management Performance Tracking, 25 hours; performance reports: Year 1, Sections A and B, 35 hours; Year 2, Section A, 10 hours; Year 3, Section A, 5 hours; Section C, 2 hours; amendments and program change documentation, 20 hours; Section 306a Application Checklist and documentation, 5 hours; Section 309 Strategy & Assessment Document Preparation, 260 hours; Section 309 Competitive Funding—Section A Semi-annual Performance Report on Project Implementation and Section 305 Section A Semi-Annual Performance Report, 2 hours each; Coastal Nonpoint Pollution Control Program Document Preparation and Section 305 Program Development Document, 1 hour each.

**Burden Hours:** 9,144.

**Needs and Uses:** This request is for revision and extension of a currently approved information collection.

In 1972, in response to intense pressure on United States (U.S) coastal resources, and because of the importance of U.S. coastal areas, the

U.S. Congress passed the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 *et seq.* The CZMA authorized a federal program to encourage coastal states and territories to develop comprehensive coastal management programs. The CZMA has been reauthorized on several occasions, most recently with the enactment of the Coastal Zone Protection Act of 1996. (CZMA as amended). The program is administered by the Secretary of Commerce, who in turn has delegated this responsibility to the National Oceanic and Atmospheric Administration's (NOAA) National Ocean Services (NOS).

The coastal zone management grants provide funds to states and territories to: implement federally-approved coastal management programs; complete information for the Coastal Zone Management Program (CZMP) Performance Management System; develop program assessments multi-year strategies to enhance their programs within priority areas under Section 309 of the CZMA; submit documentation as described in the CZMA Section 306a on the approved coastal zone management programs; submit requests to update their federally-approved programs through amendments or program changes; and develop and submit state coastal nonpoint pollution control programs (CNP) as required under Section 6217 of the Coastal Zone Act Reauthorization Amendments.

Revision: The CZMP Performance Measurement System has been revised to reduce the number of measures on which state programs are required to report, resulting in an overall decrease in reporting burden for the performance measurement system. The assessment process under CZMA Section 309 has also been refined to rely more on readily available existing data and allow states to more quickly focus their assessments on high-priority enhancement areas.

**Affected Public:** State, local and tribal governments.

**Frequency:** Annually, semi-annually and on occasion.

**Respondent's Obligation:** Required to obtain or retain benefits.

This information collection request may be viewed at [reginfo.gov](http://reginfo.gov). Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov) or fax to (202) 395-5806.

Dated: November 18, 2015.

**Sarah Brabson,**

*NOAA PRA Clearance Officer.*

### National Oceanic and Atmospheric Administration

**RIN 0648-XE300**

#### Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of SEDAR 45 post-workshop webinar for Gulf of Mexico Vermilion Snapper.

**SUMMARY:** The SEDAR 45 assessment of the Gulf of Mexico Vermilion Snapper will consist of one in-person workshop and a series of webinars. See

#### SUPPLEMENTARY INFORMATION.

**DATES:** The SEDAR 45 post-workshop webinar will be held from 1 p.m. to 3 p.m. on December 8, 2015.

#### ADDRESSES:

**Meeting address:** The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

**SEDAR address:** 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

**FOR FURTHER INFORMATION CONTACT:** Julie A. Neer, SEDAR Coordinator; (843) 571-4366; email: [Julie.neer@safmc.net](mailto:Julie.neer@safmc.net)

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data/Assessment Workshop, and (2) a series of webinars. The product of the Data/Assessment Workshop is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment
