

confidentiality of information provided by respondents to the FR 29b surveys will have to be determined on a case by case basis depending on the data collected under a particular survey. Some of the information collected on the surveys may be protected from Freedom of Information Act (FOIA) disclosure by FOIA exemptions 4 and 6. (5 U.S.C. 552 (b)(4) and (6)). Exemption 4 protects from disclosure trade secrets and commercial or financial information, while Exemption 6 protects information “the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.”

Consultation outside the agency: Towers Watson and the Board work together to review and update the FR 29a survey instrument.

Board of Governors of the Federal Reserve System, June 26, 2017.

Ann E. Misback

Secretary of the Board.

BILLING CODE 6210–01–P

GULF COAST ECOSYSTEM RESTORATION COUNCIL

[Docket Number 106292017–1111–14]

Notice of Proposed Subaward Under a Council-Selected Restoration Component Award

AGENCY: Gulf Coast Ecosystem Restoration Council.

ACTION: Notice.

SUMMARY: The Gulf Coast Ecosystem Restoration Council (Council) publishes notice of a proposed subaward from the U.S. Department of Commerce (DOC), National Oceanic and Atmospheric Administration (NOAA) Restoration Center to The Nature Conservancy (TNC), a nonprofit organization, for the purpose of establishing the Gulf Coast Conservation Corps (GulfCorps) program to support meaningful Gulf of Mexico Habitat Restoration via Conservation Corps Partnerships as approved in the Initial Funded Priority List (FPL).

FOR FURTHER INFORMATION CONTACT: Please send questions by email to raams_pgmsupport@restorethegulf.gov.

SUPPLEMENTARY INFORMATION: Section 1321(t)(2)(E)(ii)(III) of the RESTORE Act (33 U.S.C. 1321(t)(2)(E)(ii)(III)) and Treasury’s implementing regulation at 31 CFR 34.401(b) require that, for purposes of awards made under the Council-Selected Restoration Component, a State or Federal award recipient may make a grant or subaward to or enter into a cooperative agreement

with a nongovernmental entity that equals or exceeds 10 percent of the total amount of the award provided to the State or Federal award recipient only if certain notice requirements are met. Specifically, at least 30 days before the State or Federal award recipient enters into such an agreement, the Council must publish in the **Federal Register** and deliver to specified Congressional Committees the name of the recipient and subrecipient; a brief description of the activity, including its purpose; and the amount of the award. This notice accomplishes the **Federal Register** requirement.

Description of Proposed Action

As specified in the Initial FPL, which is available on the Council’s Web site at <https://www.restorethegulf.gov/council-selected-restoration-component/funded-priorities-list>, RESTORE Act funds will support the Gulf of Mexico Habitat Restoration via Conservation Corps Partnerships, which is also referred to as the GulfCorps program. Through an interagency agreement with NOAA in the amount of \$7,500,000, the GulfCorps program will contribute to meaningful Gulf Coast ecosystem restoration, while economically benefiting coastal communities by providing education, training, and opportunities to workers to implement conservation projects. The GulfCorps program will help establish partnerships among Federal, State, academic, and non-profit organizations to provide local labor for restoration projects; and will work through these partnerships to recruit, train, and employ workers to develop skills that will contribute to a local restoration-based workforce.

NOAA will coordinate development of the GulfCorps program in partnership with other Council members, as a means of creating a program that is reflective of Gulf priorities. NOAA will work within a collaborative process to prioritize projects with State partners and move forward on projects most supported by the respective State Council members, also considering synergies of pairing the GulfCorps program with other projects selected for the FPL, where appropriate. Through a proposed subaward to TNC in the amount of \$7,000,000, TNC will recruit and train GulfCorps participants who will be mobilized to provide labor on selected coastal restoration projects in each Gulf State. Projects may include invasive species removal, shoreline protection and enhancement, riparian restoration, debris removal, re-vegetation, reef restoration, and habitat monitoring and conservation. TNC and their partners will provide training

commensurate with the selected projects, as well as provide participants with soft skills that can help contribute to employability in restoration-based vocations.

Will D. Spoon,

Program Analyst, Gulf Coast Ecosystem Restoration Council.

BILLING CODE 6560–58–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. FDA–2003–D–0431]

Current Good Manufacturing Practice for Medical Gases; Draft Guidance for Industry; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of availability.

SUMMARY: The Food and Drug Administration (FDA or Agency) is announcing the availability of a revised draft guidance for industry entitled “Current Good Manufacturing Practice for Medical Gases.” This guidance is intended to assist manufacturers of medical gases in complying with applicable current good manufacturing practice (CGMP) regulations. Compliance with applicable CGMP requirements helps to ensure the safety, identity, strength, quality, and purity of medical gases. Medical gases that are not manufactured, produced, processed, packed, or held according to applicable CGMP requirements can cause serious injury or death. This guidance is expected to reduce the regulatory compliance burden for the medical gas industry by providing clear, up-to-date, detailed recommendations regarding CGMP issues that have been the subject of industry questions.

DATES: Although you can comment on any guidance at any time (see 21 CFR 10.115(g)(5)), to ensure that the Agency considers your comment on this draft guidance before it begins work on the final version of the guidance, submit either electronic or written comments on the draft guidance by August 28, 2017.

ADDRESSES: You may submit comments as follows:
