Type of Request: Revisions to the Currently Approved Collection.

Abstract: State agencies administering the Special Supplemental Nutrition Program for Women, Infants and Children (WIC Program) are required by 7 CFR 246.12(j)(5) to submit to FNS an annual summary of the results of their vendor monitoring efforts in order to provide Congress, senior FNS officials, as well as the general public, assurance that every reasonable effort is being made to ensure integrity in the WIC Program. Since 1989, WIC Program State agencies have been required to submit The Integrity Profile (TIP) data annually. FNS compiles the data to produce a national report, which shows the level of monitoring and investigation conducted by WIC State agencies to detect and eliminate, or substantially reduce, vendor fraud and abuse. Most State agencies download the data from their automated system and transmit it electronically to FNS.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 43.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Respondents: The Program Director of each WIC State agency, which is generally a State Health Department or an Indian Tribal Organization official.

Estimated Number of Respondents: 88 respondents.

Estimated Number of Responses Per Respondent: One.

Estimated Total Annual Burden on Respondents: 3,827.50 hours.

Dated: April 30, 2003.

General Information

Rural Cooperative Development Grants (RCDG) are authorized by section 310B(e) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1932). Regulations are contained in 7 CFR part 4284, subpart F. The primary objective of the RCDG program is to improve the economic condition of rural areas through cooperative development. The program is administered through USDA Rural Development State Offices acting on behalf of RBS.

Section 310B(e) of the Consolidated Farm and Rural Development Act was amended by Public Law 107-171 (Mar 13, 2002) to modify the matching requirement required of RCDG grant applicants that are "1994 Institutions" (as defined in section 532 of the Equity in Educational Land-Grant Status Act of 1994 (7 U.S.C. 301 note; Pub. L. 103-382). 1994 Institutions are not required to provide non-Federal financial support (matching funds) greater than 5 percent of the grant awarded. In the case of all applicants, preference points will be awarded where applicants commit to providing greater than the minimum 25 percent matching contribution. A current list of 1994 Institutions may be obtained from RBS.

Grant Selection Criteria

Grants will be awarded on a competitive basis to nonprofit corporations and institutions of higher education based on the following selection criteria. The priorities described in this paragraph will be used by RBS to rate applications. RBS review
