No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility;

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0968.

Title: Slamming Complaint form.

Form No.: FCC Form 478.

Type of Review: Extension.

Respondents: Business or Other for Profit.

Number of Respondents: 3600.

Estimated Time Per Response: 15 minutes (avg.)

Total Annual Burden: 900 hours.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion.

Needs and Uses: The Commission adopted rules to protect consumers from slamming and to take the profit out of an illegal practice for unscrupulous companies. These rules provide a means for consumers who believe they have been slammed to file a complaint with the Commission. FCC Form 478 will significantly improve the Commission's ability to process complaints without delays. In particular, the complaint form will ensure that consumers have to file a complaint only once rather than seeking various avenues of redress. By requesting the precise information needed to process and resolve complaints, FCC Form 478 will provide the Commission with a more efficient means of handling slamming complaints and moving against the perpetrators.
