Abstract: In October 2010, the Office of Postsecondary Education (OPE) awarded 27 institutes of higher education (IHE) grants to fund the creation of Transition Programs for Students with Intellectual Disabilities (TPSIDs) (model demonstrations) in 23 states.

OPE also awarded a grant to the Institute for Community Inclusion at the University of Massachusetts Boston to fund a coordinating center to support these TPSID grantees as well as other programs around the country that are working to transition students with cognitive disabilities into higher education. One of the Coordinating Center's roles is to develop an evaluation system for the TPSID programs. The proposed data collection system is part of that evaluation effort and involves establishment of a uniform dataset across the initial 27 sites (and potentially up to 31 additional IHEs) to ensure consistency in collection of information comprised by the previously listed 11 Government Performance and Results Act measures. The system will collect program data at the institution and individual level from TPSID program staff via an online, secure, data management system.
