Dana Corporation, Torque-Traction Manufacturing, Inc., Including On-Site Leased Workers of Diversco Integrated Services, Inc. and Haas Total Chemical Management, Inc., Cape Girardeau, MO; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on July 23, 2007, applicable to workers of Dana Corporation, Torque-Traction Manufacturing, Inc., Cape Girardeau, Missouri. The notice was published in the **Federal Register** on August 9, 2007 (72 FR 44865).

At the request of the petitioners, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of a variety of automotive axle components.

New information shows that leased workers of Diversco Integrated Services, Inc. and Haas Total Chemical Management, Inc. were employed on-site at the Cape Girardeau, Missouri location of Dana Corporation, Torque-Traction Manufacturing, Inc. The Department has determined that the Diversco Integrated Services, Inc. and Haas Total Chemical Management, Inc. workers were sufficiently under the control of Dana Corporation, Torque-Traction Manufacturing, Inc. to be considered leased workers.

Based on these findings, the Department is amending this certification to include leased workers of Diversco Integrated Services, Inc., and Haas Total Chemical Management, Inc. working on-site at the Cape Girardeau, Missouri location of the subject firm.

The intent of the Department's certification is to include all workers employed at Dana Corporation, Torque-Traction Manufacturing, Inc., Torque-Traction Manufacturing, Inc. Cape Girardeau, Missouri who were adversely affected by a shift in production to Mexico.

The amended notice applicable to TA-W-61,707 is hereby issued as follows:

All workers of Dana Corporation, Torque-Traction Manufacturing, Inc., including on-site leased workers of Diversco Integrated Services, Inc., and Haas Total Chemical Management, Inc., Cape Girardeau, Missouri, who became totally or partially separated from employment on or after July 30, 2007, through July 23, 2009, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed at Washington, DC, this 1st day of October 2007.

Richard Church,

Certifying Officer, Division of Trade Adjustment Assistance.

Hanes Brands Incorporated, Forest City, NC; Notice of Negative Determination Regarding Application for Reconsideration

By application of August 27, 2007, a petitioner requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA). The denial notice was signed on July 25, 2007 and published in the **Federal Register** on August 9, 2007 (72 FR 44866).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The TAA petition filed on behalf of workers at Hanes Brands Incorporated, Forest City, North Carolina engaged in the production of fleece and Jersey fabric, was denied based on the findings that during the relevant time period, the subject company did not separate or threaten to separate a significant number or proportion of workers, as required by Section 222 of the Trade Act of 1974.

In the request for reconsideration, the petitioner states that there was a significant decrease in employment at the subject firm in the past few years and that the subject firm replaces workers who have left the company by temporary labor.

The company official was contacted to verify employment numbers at the subject firm. When assessing eligibility for TAA, the Department exclusively considers the relevant employment data (for one year prior to the date of the petition and any imminent layoffs) for the facility where the petitioning worker group was employed. The company official confirmed what was established during the initial investigation. Production and salaried worker employment at the subject firm has increased from 2005 to 2006 and from January through June of 2007 when compared with the same period in 2006. Furthermore, the company official clarified that the subject firm does hire temporary workers in the times of increased demand. However, the employment numbers provided by the company official in the initial investigation do not reflect temporary workers.

Should conditions change in the future, the petitioner is encouraged to file a new petition on behalf of the worker group which will encompass an investigative period that will include these changing conditions.

Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, DC, this 28th day of September 2007.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

Hutchinson Technology, Eau Claire, WI; Notice of Affirmative Determination Regarding Application for Reconsideration

By application postmarked August 22, 2007, the petitioner requested

administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers and former workers of the subject firm. The denial notice was signed on July 10, 2007 and published in the **Federal Register** on July 26, 2007 (72 FR 41088).

The initial investigation resulted in a negative determination based on the finding that imports of suspension assemblies for disk drives did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred.

In the request for reconsideration, the petitioner provided additional information regarding the subject firm's customers.

The Department has reviewed the workers' request for reconsideration and the existing record, and has determined that an administrative review is appropriate. Therefore, the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Signed in Washington, DC, this 28th day of September 2007.
