#### SUPPLEMENTARY INFORMATION:

Throughout this document “we,” “us,” and “our” means the EPA. On January 15, 2020, we published a direct final rule notifying the public that we had received CAA section 111(d)/129 negative declarations from New Mexico and Albuquerque-Bernalillo County for existing OSWI units (85 FR 2316). These negative declarations certify that existing OSWI units subject to the requirements of sections 111(d) and 129 of the CAA do not exist within the specified jurisdictions in New Mexico. The direct final rule was published without prior proposal because we anticipated no adverse comments. We stated in the direct final rule that if we received relevant adverse comments by February 14, 2020, we would publish a timely withdrawal in the **Federal**

**Register.** Since we received a relevant adverse comment, we are withdrawing the direct final rule and will address the comment in a subsequent final rulemaking.
