Privacy Act of 1974; Report of a Modified or Altered System of Records

AGENCY: Department of Health and Human Services (HHS), Centers for Medicare & Medicaid Services (CMS).

ACTION: Notice of a Modified or Altered System of Records (SOR).

SUMMARY: In accordance with the Privacy Act of 1974, we are proposing to modify or alter an existing SOR, "Health Plan Management System (HPMS)," System No. 09-70-4004, established at 63 **Federal Register** 43187 (August 12, 1998). We will broaden the scope of this system by including a new activity related to health plan and Part D plan management referred to as the Complaint Tracking Module (CTM). CTM will collect and maintain identifiable information on individuals who are, but not limited to, complainants, including beneficiaries, relatives and caregivers, Congresspersons and their staff, State Health Insurance Program representatives, and providers of service and their staff. The CTM stores complaint data, including, but not limited to, the following: Date complaint received; date of incident; issue level; complainant and/or beneficiary information; complaint summary; complaint category; complaint resolution summary; and plan resolution summary. Plans use the CTM to track the beneficiary complaints assigned to their organization, enter complaint case resolutions, and close out complaints.

In addition, HPMS will collect information from health plans and Part

D plan organizations pertaining to individuals who market and/or sell health insurance and prescription drug plan products on behalf of these plan organizations and who are licensed or authorized by a State Insurance Commissioner or other certifying agencies. We are sharing data pertaining to all agents/brokers to assist CMS and State Insurance Commissioners in improving oversight of the sales marketplace and in avoiding fraudulent sales practices that mislead and harm Medicare beneficiaries. We propose to assign a new CMS identification number to this system to simplify the obsolete and confusing numbering system originally designed to identify the Bureau, Office, or Center that maintained information in the Health Care Financing Administration systems of records. The new assigned identifying number for this system should read: System No. 09-70-0500.

We will delete routine use number 1 authorizing disclosure to support constituent requests made to a congressional representative. If an authorization for the disclosure has been obtained from the data subject, then no routine use is needed. The Privacy Act allows for disclosures with the "prior written consent" of the data subject. We propose to delete published routine use number 5 authorizing disclosure to a contractor for the purpose of collating, analyzing, aggregating or otherwise refining or processing records in this system or for developing, modifying and/or manipulating automated information systems software. We also propose to add a routine use for the release of information that permits disclosure to agency contractors, consultants, and CMS grantees that perform a task for the agency. CMS occasionally contracts out certain of its functions when doing so would contribute to effective and efficient operations. CMS must be able to give a contractor, consultant or grantee whatever information is necessary for the contractor, consultant, or grantee to fulfill its duties.

We propose to delete published routine use number 2 authorizing disclosure to the Bureau of Census;
