

Net Effect to Burden for FERC-725G: Due to the retirement of PRC-025-1 and implementation of PRC-025-2, the number of respondents is reduced by 25, and the number of annual burden hours is reduced by 550 hours. (The net changes are due to a change in the number of affected entities on the NERC Registry.) The burden per respondent for PRC-025-2 remains 22 hours (total for both one-time and ongoing burden, similar to the now-retired PRC-025-1).

Comments: Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP18-477-000]

Notice of Application: UGI Central Penn Gas, Inc. and UGI Utilities, Inc.

Take notice that on May 2, 2018, UGI Central Penn Gas, Inc. (CPG), and UGI Utilities, Inc. (UGIU) (collectively, Applicants), both wholly-owned direct subsidiaries of UGI Corporation and both currently located at 2525 N. 12th Street, Reading, Pennsylvania 19605, filed in Docket No. CP18-477-000 an application pursuant to sections 7(b) and 7(f) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations. Specifically, the Applicants request: (i) Authority to abandon certain limited jurisdiction certificates for transportation services held by CPG pertaining to its Maryland local gas distribution system located in Maryland and Pennsylvania; and (ii) for transfer of CPG's service area determination to UGIU. The Applicants state that the requested authorizations are required to implement aspects of the pending transfer of the local natural gas

distribution assets from CPG into UGIU pursuant to a corporate merger, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Frank Merkle, Senior Counsel, UGI Corporation, Box 858, Valley Forge, Pennsylvania 19482; or by email at marklef@ugicorp.com.

Pursuant to section 157.9 of the Commission's rules (18 CFR 157.9), within 90 days of this Notice, the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit five copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the

proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and five copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern time on May 31, 2018.
