SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Navy Family Accountability and Assessment System; OMB Control Number 0703-FAAS.

Needs and Uses: The primary purpose of the Navy Family Accountability and Assessment System (NFAAS) is personnel accountability following a natural or man-made disaster for all Active Duty, Reserve, Navy Civilians, Contractors serving Outside the Continental United States, and their dependents. NFAAS also assesses the impact of the disaster on Navy families and Command's ability to fulfill its missions by providing services and tracking support provided to families in recovery. Additionally, NFAAS supports the sponsor and family members during Sailor Individual Augmentation deployments.

Submission for OMB Review; Comment Request

AGENCY: Department of the Navy, Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUMMARY: The DoD has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by September 21, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Optimized Fleet Response Plan Phase Variation in Signature and Destructive Behaviors; OMB Control Number 0703-OFRP.

Type of Request: New collection.

Number of Respondents: 585.

Responses per Respondent: 1.

Annual Responses: 585.

Average Burden per Response: 30 minutes.

Annual Burden Hours: 292.5 hours.

Needs and Uses: Navy leaders in the Navy 21st Century Office (OPNAV N17) have engaged with researchers at the Naval Postgraduate School (NPS) through the NPS Naval Research Program to conduct research to investigate if signature and destructive behaviors vary across stages of the Optimized Fleet Response Plan (OFRP). The OFRP is a fleet force model that includes 5 phases: basic, advanced, integrated, sustainment, and

maintenance. Ships cycle through the phases to maintain employability and preserve maintenance, modernization, and workup. Anecdotal and observational evidence suggests variation in behaviors across the phases, and, in particular, an uptick in destructive behaviors during the maintenance phase. Congruent with research findings, the Chief of Naval Operations has directed the Navy to create a "Culture of Excellence," noting that by focusing on positive, signature behaviors, the Navy can build and sustain a lethal force of tough sailors who are ethical and masters of their trade. The Culture of Excellence Campaign's Perform to Plan effort will empower warfighting capability by fostering psychological, physical, and emotional toughness. To meet this goal, the Navy needs to understand what encourages signature behaviors and reduces destructive behaviors and how these behaviors impact readiness.

The overarching aim of this study is to support the Navy Culture of Excellence Campaign's Performance to Plan effort to encourage signature behaviors and reduce destructive behaviors. The study will answer three questions: What are the rates of signature & destructive behaviors during 3 phases of OFRP? Do rates differ by organizational command (department)? How do signature & destructive behaviors impact readiness?

Affected Public: Individuals or households.

Frequency: One-time.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

SUPPLEMENTARY INFORMATION:

Title: Associated Form; and OMB
Number: COVID-19 Behavioral Health
Surveillance Survey; OMB Control
Number 0703-BHSS.

Type of Request: New collection.

Number of Respondents: 25,000.

Responses per Respondent: 2.

Annual Responses: 50,000.

Average Burden per Response: 30
minutes.

Annual Burden Hours: 25,000.

Needs and Uses: Information about
the impacts of the COVID-19 pandemic
on service member health and readiness
is urgently needed to inform the
military's response to the pandemic and
to ensure service member health and
readiness. The proposed anonymous,
web-based COVID-19 Behavioral Health
Surveillance survey will provide unit-
level and service-wide information
about the effects of the pandemic on
Sailors and Marines. Unit commanders
will be provided with critical

information about specific COVID-19
related challenges service members face
so that they can employ strategies to
mitigate the harms associated with the
pandemic. The survey asks about a
range of issues related to the COVID-19
pandemic, including its effects on
service members' ability to effectively
perform their duties, home life and
relationships, preventative health
behaviors, and mental/behavioral health
and readiness.

The surveillance effort will involve an
initial assessment, which may be
followed by a 6-month follow-up
assessment using the same survey. It
will be possible to use data resulting
from repeated surveillance to determine
changes over time in unit-level health
and readiness.

Affected Public: Individuals or
households.

Frequency: Survey will be fielded
twice.

Respondent's Obligation: Voluntary.

participate in DNFSB programs or
activities who request or receive
reasonable accommodations or other
appropriate modifications from DNFSB
for medical or religious reasons.

Title V of the Rehabilitation Act of
1973, as amended, prohibits
discrimination in services and
employment on the basis of disability,
and Title VII of the Civil Rights Act of
1974 prohibits discrimination,
including discrimination based on
religion. These prohibitions on
discrimination require Federal agencies
to provide reasonable accommodations
to individuals with disabilities and
those with sincerely held religious
beliefs unless doing so would impose an
undue hardship. In some instances,
