The Commission concluded in the 3.7 GHz Report and Order that a Relocation Payment Clearinghouse and Relocation Coordinator are critical to ensuring that the reconfiguration is administered in a fair, transparent manner and that the transition occurs as expeditiously as possible. To accomplish these goals most effectively, the Commission is seeking approval for a new information collection to collect information from the Relocation Payment Clearinghouse, the Relocation Coordinator, and incumbent space station operators and allow the Relocation Payment Clearinghouse and Relocation Coordinator to collection information to ensure that the band is transitioned effectively.

Part 1 of the Commission's rules.<sup>1</sup> Subpart CC was originally adopted to implement and enforce Section 6409(a) of the Middle Class Tax Relief and Job Creation Act of 2012. Section 6409(a) provides, in part, that "a State or local government may not deny, and shall approve, any eligible facilities request for a modification of an existing wireless tower or base station that does not substantially change the physical dimensions of such tower or base station." 47 U.S.C. 1455(a)(1). The following are the information collection requirements in connection with Subpart U of Part 1 of the Commission's rules:

- 47 CFR 1.6100(c)(3)(i) (previously 1.40001(c)(3)(i))—To toll the 60-day review timeframe on grounds that an application is incomplete, the reviewing State or local government must provide written notice to the applicant within 30 days of receipt of the application, clearly and specifically delineating all missing documents or information. Such delineated information is limited to documents or information meeting the standard under paragraph (c)(1) of this section.

- 47 CFR 1.6100(c)(3)(iii) (previously 1.140001(c)(3)(iii))—Following a supplemental submission from the applicant, the State or local government will have 10 days to notify the applicant in writing if the supplemental submission did not provide the information identified in the State or local government's original notice delineating missing information. The timeframe for review is tolled in the case of second or subsequent notices of incompleteness pursuant to the procedures identified in paragraph (c)(3). Second or subsequent notices of

<sup>1</sup> On September 27, 2018, the Commission released a Declaratory Ruling and Third Report and Order that redesignated 47 CFR 1.40001 of Subpart CC as 47 CFR 1.6100 under Subpart U (State and Local Government Regulation of the Placement, Construction, and Modification of Personal Wireless Service Facilities). See Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Investment, FCC 18-133, 33 FCC Rcd. 3102 (2018). This change became effective January 14, 2019 upon publication in the *Federal Register*. See Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Investment, 83 FR 51867 (2019).

incompleteness may not specify missing documents or information that were not delineated in the original notice of incompleteness.

- 47 CFR 1.6100(c)(4) (previously 1.140001(c)(4))—If a request is deemed granted because of a failure to timely approve or deny the request, the deemed grant does not become effective until the applicant notifies the applicable reviewing authority in writing after the review period has expired (accounting for any tolling) that the application has been deemed granted. These collections are necessary to effectuate the rule changes that implement and enforce the requirements of Section 6409(a).
