SUPPLEMENTARY INFORMATION:

Title: Regulations and Forms Pertaining to the Financial Integrity of the Marketplace (OMB Control No. 3038-0024). This is a request for an extension of a currently approved information collection.

Abstract: The Commission is the independent federal regulatory agency charged with providing various forms of customer protection so that users of the commodity markets can be assured of the financial integrity of the markets and the intermediaries that they employ in their trading activities. Part 1 of the Commission's regulations requires, among other things, that commodity brokers—known as futures commission merchants ("FCMs"), or Introducing Brokers ("IBs"), comply with certain minimum financial requirements. In order to monitor compliance with these financial standards, the Commission has required FCMs and IBs to file financial reports with the Commission and with the designated self-regulatory

organization of which they are members as well as to report to the Commission should certain financial requirements drop below prescribed minimums.

In 2008, the U.S. Congress passed the Food, Conservation, and Energy Act of 2008, Public Law 110-246, 122 Stat. 1651, 2189-2204 (2008), also known as the Farm Bill. The Farm Bill provided the Commission with new authority with regard to the regulation of off-exchange retail forex transactions. Among other things, it directed the Commission to draft rules effectuating registration provisions for a new category of registrant—the retail foreign exchange dealer ("RFED"). Under the terms of the legislation, RFEDs are subject to the same capital requirements as FCMs that are engaged in retail forex transactions, and, therefore, subject to the same reporting requirements. Accordingly, this collection was amended to reflect the financial reporting requirements of the new category of registrant, RFEDs.

In 2010, the U.S. Congress passed the Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), Public Law 111-203, 124 Stat. 1376 (2010), giving the Commission the authority to regulate certain swap markets and participants in those markets. Section 731 of the Dodd-Frank Act, amended the Commodity Exchange Act ("CEA"), 7 U.S.C. 1 *et seq.*, to add, as section 4s(e) thereof, provisions concerning the setting of capital and initial and variation margin requirements for swap dealers ("SDs") and major swap participants ("MSPs"). In 2016 and 2020 respectively, the Commission finalized the Margin Requirements for Uncleared Swaps for Swap Dealers and Major Swap Participants rule and the Capital Requirements for Swap Dealers and Major Swap Participants rule to implement those requirements. Specifically, such rules include financial reporting and recordkeeping, as well as application processes for model approval for both capital and margin models for SDs and MSPs that do not have a prudential regulator ("Covered Swap Entities" or "CSEs").

Separately, in 2013, the Commission finalized rules in an effort to prevent unauthorized usage of customer funds by FCMs and RFEDs. The final rules included modifications to the reporting requirements required by the Commission which resulted in changes to the financial statements filed by FCMs and RFEDs, and made some of the recordkeeping requirements already contained in this OMB Collection Number 3038-0024 into reporting requirements. These rules added

additional recordkeeping requirements by FCMs to assure the segregation of customer funds. This collection, OMB Control No. 3038-0024, is needed for the Commission to continue its financial monitoring of its registrants.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On April 29, 2022, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 87 FR 25468 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is revising its estimate of the burden for this collection to reflect the current number of respondents and estimated burden hours. The Commission is revising its estimate of the burden for this collection for approximately 61 FCMs and RFEDs, 53 CSEs and 1,019 IBs. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 1,133.

Estimated Average Burden Hours per Respondent: 251 hours.²

Estimated Total Annual Burden Hours: 284,124 hours.³

Frequency of Collection: At various intervals.⁴

There are no capital costs or operating and maintenance costs associated with this collection.

SUPPLEMENTARY INFORMATION:

Title: Core Principles & Other Requirements for DCMs (OMB Control No. 3038–0052). This is a request for a revision and extension of a currently approved information collection.

Abstract: The regulations governing designated contract markets (“DCMs”) originally were adopted pursuant to the Commodity Futures Modernization Act of 2000, which amended section 5 of the Commodity Exchange Act (“CEA”) to impose requirements concerning the registration² and operation of DCMs.³ The DCM statutory framework subsequently was revised as a result of further amendments to the CEA under Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”).⁴ Part 38 of the Commission’s regulations governs the activities of DCMs. The information collected pursuant to Part 38 is necessary for the Commission to evaluate whether entities operating as, or applying to become, DCMs comply with the Part 38 and other Commission requirements and the CEA’s statutory requirements.

Collection 3038–0052 was created in response to the Part 38 regulatory requirements for DCMs. In general, OMB Control Number 3038–0052 covers all information collections in Part 38, including Subpart A and the DCM core principles (*i.e.*, Subparts B through X) as

well as the related appendices thereto (*i.e.*, Appendix A—Form DCM; Appendix B—Guidance on, and Acceptable Practices in, Compliance with Core Principles; and Appendix C—Demonstration of Compliance That a Contract Is Not Readily Susceptible to Manipulation). Further, this OMB control number, 3038–0052, also includes all information collections related to Part 9 (“Rules Relating to Review of Exchange Disciplinary, Access Denial or Other Adverse Actions”) to the extent Part 9 is applicable to DCMs.⁵ This collection also includes the requirements under regulation 38.251(g) in connection with the reporting of specific market disruption events to the Commission.

This OMB control number, 3038–0052, also includes collections under regulation 1.52 regarding the Enhanced Protections Afforded Customer and Customer Funds Held by Futures Clearing Merchants and Derivatives Clearing Organizations. Commission regulation 1.52 imposes information collection burdens on DCMs.⁶

Additionally, this OMB control number, 3038–0052, also includes collections under regulation 38.1051(n) that relate to system safeguards and cybersecurity testing requirements and requires DCMs to provide the Commission with annual trading volume information.

For the majority of collections under OMB control number 3038–0052, the Commission notes that the number of registered, active DCMs has increased from 14 to 16. This increase in the number of registered DCMs will increase the total information collection burdens for OMB control number 3038–0052 as shown below.⁷

An agency may not conduct or sponsor, and a person is not required to

⁵ Section 38.707 specifically references Part 9. Accordingly, the Commission’s previous information collection estimates under Part 38 have included compliance with Part 9 to the extent applicable to DCMs. The Commission is referencing DCMs’ compliance obligations with Part 9 for the sake of clarity, but this does not represent a new or modified information collection.

⁶ The Commission notes that § 38.605 incorporates and references § 1.52. Accordingly, the Commission’s previous information collection estimates under Part 38 have included compliance with § 1.52 to the extent applicable to DCMs. The Commission is referencing DCMs’ compliance obligations with § 1.52 for the sake of clarity, but this does not represent a new or modified information collection.

⁷ For the collections related to Commission regulation 38.251(g), the Commission notes that the number of registered, active DCMs has decreased from 17 to 16. This decrease is reflected below for collections related to Commission regulation 38.251(g). However, despite this decrease, the total information collection burdens for OMB control number 3038–0052 will increase.

² The Commission notes that the terms “registered” and “designated” are used interchangeably and mean the same thing.
