SUPPLEMENTARY INFORMATION:

I. Background

This rule proposes to revise requirements for approving interim vouchers. Interim vouchers that are selected using sampling methodologies will be reviewed and approved by the contract auditors for provisional payment and sent to the disbursing office after a pre-payment review. Interim vouchers not selected for a pre-payment review will be considered to be provisionally approved and will be sent directly to the disbursing office. All provisionally approved interim vouchers are subject to a later audit of actual costs incurred.

II. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

III. Regulatory Flexibility Act

DoD has prepared an initial regulatory flexibility analysis consistent with 5 U.S.C. 603. A copy of the analysis may be obtained from the point of contact specified herein. The analysis is summarized as follows:

The objective of the rule is to revise requirements for approving interim vouchers. DoD does not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because this rule merely updates DoD's internal voucher processing procedures and better accommodates the use of Wide Area WorkFlow to process vouchers.

There are no projected reporting or recordkeeping requirements associated with this rule. The rule does not duplicate, overlap, or conflict with any other Federal rules. No known significant alternatives to the rule have been identified.

At this time, DoD is unable to estimate the number of small entities to which this rule will apply. Therefore, DoD invites comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD will also consider comments from small entities concerning the existing regulations in subparts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (DFARS Case 2011-D054) in correspondence.

IV. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).
