

SUPPLEMENTARY INFORMATION:

Title: Livestock and Meat Market Reports.

OMB Number: 0581-0154.

Expiration Date of Approval: 04-29-2011.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627) directs and authorizes the collection and dissemination of marketing information including adequate outlook information, on a market area basis, for the purpose of anticipating and meeting consumer requirements aiding in the maintenance of farm income and to bring about a balance between production and utilization.

Under this market news program, AMS issues market news reports covering the livestock and meat trade, which encompasses a wide range of industry contacts, including packers, processors, producers, brokers, and retailers. These reports are compiled on a voluntary basis, in cooperation with the livestock and meat industry. The information provided by respondents initiates market news reporting, which must be timely, accurate, unbiased, and continuous if it is to be meaningful to the industry. The livestock and meat industry requested that AMS issue livestock and meat market reports in order to assist them in making informed production and marketing decisions. In addition, several Government agencies that purchase meat for various Federal programs use this data in making their purchasing decisions. The information must be collected, compiled, and disseminated by an impartial third-party, in a manner which protects the confidentiality of the reporting entity. AMS is in the best position to provide this service.

Estimate of Burden: Public reporting burden for this collection of information is estimated at .0833 hours per response.

Respondents: Business or other for-profit, individuals or households, farms, and the Federal Government.

Estimated Number of Respondents: 990.

Estimated Total Annual Responses: 124,740.

Estimated Number of Responses per Respondent: 126.

Estimated Total Annual Burden on Respondents: 10,391 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (2) the accuracy of the Agency's estimate of the burden of

the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Dated: November 2, 2010.

SUPPLEMENTARY INFORMATION:

Title: Special Nutrition Program Operations Study.

OMB Number: 0584-NEW.

Expiration Date of Approval: Not yet determined.

Type of Information Collection

Request: New information collection.

Abstract: The objective of the Special Nutrition Program Operations Study (SNPOS) is to collect timely data on policies, administrative, and operational issues on the Child Nutrition Programs. The ultimate goal is to analyze these data and provide input for new legislation on Child Nutrition Programs as well as to provide pertinent technical assistance and training to program implementation staff.

The SNPOS will help the Food and Nutrition Service (FNS) better understand and address current policy issues related to Special Nutrition Programs (SNP) operations. The policy

and operational issues include, but are not limited to, the preparation of the program budget, development and implementation of program policy and regulations, and identification of areas for technical assistance and training. Specifically, this study will help FNS obtain:

- General descriptive data on the Child Nutrition (CN) program characteristics to help FNS respond to questions about the nutrition programs in schools;
 - Data related to program administration for designing and revising program regulations, managing resources, and reporting requirements; and
 - Data related to program operations to help FNS develop and provide training and technical assistance for School Food Authorities (SFAs) and State Agencies responsible for administering the CN programs.
- The activities to be undertaken subject to this notice include:
- Conducting a multi-modal (*e.g.* paper, Web, and telephone) survey of approximately 1,500 SFA Directors.

- Conducting a paper survey of all 56 State Agency CN Directors.

Affected Public: State, Local and Tribal Governments.

Type of Respondents: 1,500 SFA Directors and 56 State CN Program Directors.

Estimated Total Number of Respondents: 1,556.

Frequency of Response: Once annually.

Estimated Annual Responses: 1,556.

Estimate of Time per Respondent and Annual Burden: Public reporting burden for this collection of information is estimated to average sixty (60) minutes per Self Administered Survey for the SFA Directors and the State Agency Child Nutrition Directors (this includes 30 minutes for data gathering and 30 minutes to respond to the questionnaire). Respondents in the SNOPS include 1,500 School Food Service Directors and 56 State Child Nutrition Program Directors. The annual reporting burden is estimated at 1,556 hours (*see table below*).

Data collection activity	Respondents	Estimated number of respondents	Frequency of response	Total annual responses	Average burden hours per response	Total annual burden estimate (hours)
