

EFFECTIVE DATE: February 14, 2005.

FOR FURTHER INFORMATION CONTACT: Dara Iserson or Thomas Gilgunn at (202) 482-4052 and (202) 482-4236, respectively; AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Background

On January 15, 2004, the Department of Commerce (the Department) initiated an administrative review of the countervailing duty order on Honey from Argentina with respect to the Government of Argentina (GOA). See *Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 69 FR 3117 (January 22, 2004). The period of review (POR) is January 1, 2003, through December 31, 2003. On December 13, 2004, the Department released the preliminary results. See *Honey from Argentina: Preliminary Results of Countervailing Duty Administrative Review*, 69 FR 7645 (December 21, 2004).

Statutory Time Limits

Section 351.213(h)(1) of the regulations requires the Department to issue the preliminary results of review within 245 days after the last day of the anniversary month of the order or suspension agreement for which the administrative review was requested, and the final results of an administrative review within 120 days after the date on which notice of preliminary results is published in the **Federal Register**. However, if the Department determines that it is not practicable to complete and review within the aforementioned specified time limits, section 351.213(h)(2) allows the Department to extend the 245-day-period to 365 days and to extend the 120-day period to 180 days.

Extension of Time Limit for Final Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act) and section 351.213(h)(2) of the regulations, due to the complexity of issues related to certain loan programs and because the Department intends to verify the GOA's questionnaire responses, the Department finds that it is not practicable to complete this review by the current deadline of April 20, 2005. Therefore, the Department is extending the deadline for completion of the final results of the administrative review of the countervailing duty order on honey from Argentina by 60 days. The final results of the review will now

be due no later than June 19, 2005, which is 180 days after the publication of the preliminary results. This notice is published pursuant to sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: February 7, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

New England Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Scallop Advisory Panel in March 2005. Recommendations from the committee will be brought to the full Council for formal consideration and action, if appropriate.

DATES: The meeting will held on Wednesday, March 2, 2005, at 9:30 a.m.

ADDRESSES: The meeting will be held at the Four Points by Sheraton, 407 Squire Road, Revere, MA 02151; telephone: (781) 284-7200.

FOR FURTHER INFORMATION CONTACT: Paul J. Howard, Executive Director, New England Fishery Management Council (978) 465-0492. Requests for special accommodations should be addressed to the New England Fishery Management Council, 50 Water Street, Newburyport, MA 01950; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION: The Scallop Advisory Panel will meet with the Scallop Plan Development Team to discuss issues related to safety such as, casualty trends in the fishing industry, and regulations that have elevated safety risk and potential solutions. They will also discuss alternative approaches for making controlled access area allocations; access area mortality targets, rotation objectives and seasonal access programs. Also on the agenda will be whether or not the Hudson Canyon Area should continue to be a controlled access area in 2006. They will also discuss impediments and potential solutions to landing scallops for value-added processing. Finally, they will

discuss a research set aside program and scallop research priorities.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Paul J. Howard (see **ADDRESSES**) at least five days prior to the meeting dates.

Dated: February 9, 2005.
