SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90640; File No. SR-PEARL-2020-31]

Self-Regulatory Organizations; MIAx PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Fee Schedule

December 11, 2020.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 1, 2020, MIAx PEARL, LLC ("MIAx PEARL" or "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the

proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAx PEARL Fee Schedule (the "Fee Schedule").

The text of the proposed rule change is available on the Exchange's website at <http://www.miaxoptions.com/rule-filings/pearl> at MIAx PEARL's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule for the Exchange's options market to amend the exchange groupings of options exchanges within the routing fee table in Section 1(b) of the Fee Schedule.

Currently, the Exchange assesses routing fees based upon (i) the origin type of the order, (ii) whether or not it is an order for standard option classes in the Penny Interval Program³ ("Penny classes") or an order for standard option classes which are not in the Penny Interval Program ("Non-Penny classes") (or other explicitly identified classes), and (iii) to which away market it is being routed. This assessment practice is identical to the routing fees assessment practice currently utilized by the Exchange's affiliates, Miami International Securities Exchange, LLC

³ See Securities Exchange Act Release No. 88992 (June 2, 2020), 85 FR 35142 (June 8, 2020) (SR-PEARL-2020-06) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 404, Series of Option Contracts Open for Trading, and Rule 510, Minimum Price Variations and Minimum Trading Increments, To Conform the Rules to Section 3.1 of the Plan for the Purpose of Developing and Implementing Procedures Designed To Facilitate the Listing and Trading of Standardized Options).

("MIAX") and MIAX Emerald, LLC ("MIAX Emerald"). This is also similar to the methodologies utilized by other competing options exchanges, such as the Cboe BZX Exchange, Inc. ("Cboe BZX"), in assessing routing fees. Cboe BZX has exchange groupings in its fee schedule, similar to those of the Exchange, whereby several exchanges are grouped into the same category, dependent on the order's origin type and whether it is a Penny or Non-Penny class.⁴

As a result of conducting a periodic review of the current transaction fees and rebates charged by away markets, the Exchange has determined to amend

the exchange groupings of options exchanges within the routing fee table to better reflect the associated costs of routing customer orders to those options exchanges for execution. In particular, the Exchange proposes to amend the seventh "Routed, Public Customer that is not a Priority Customer, Non-Penny Program" exchange grouping to move Nasdaq MRX from the seventh exchange grouping into the eighth "Routed, Public Customer that is not a Priority Customer, Non-Penny Program" exchange grouping. The impact of this proposed change will be that the routing fee for Public Customer orders that are not Priority Customer orders in the

Penny Program, that are routed to Nasdaq MRX, LLC ("Nasdaq MRX"), will increase from \$1.15 to \$1.25. The Exchange notes that no options exchanges were removed from the routing fee table entirely, with the only change being the change in categorization for Nasdaq MRX. The purpose of the proposed rule change is to adjust the routing fee for certain orders routed to Nasdaq MRX to reflect the associated costs for that routed execution.

Accordingly, with the proposed change, the routing fee table will be as follows:

Description	Fees
Routed, Priority Customer, Penny Program, to: NYSE American, BOX, Cboe, Cboe EDGX Options, Nasdaq MRX, MIAX, Nasdaq PHLX (except SPY), Nasdaq BX Options	\$0.15
Routed, Priority Customer, Penny Program, to: NYSE Arca Options, Cboe BZX Options, Cboe C2, Nasdaq GEMX, Nasdaq ISE, NOM, Nasdaq PHLX (SPY only), MIAX Emerald	0.65
Routed, Priority Customer, Non-Penny Program, to: NYSE American, BOX, Cboe, Cboe EDGX Options, Nasdaq ISE, Nasdaq MRX, MIAX, Nasdaq PHLX, Nasdaq BX Options	0.15
Routed, Priority Customer, Non-Penny Program, to: NYSE Arca Options, Cboe BZX Options, Cboe C2, Nasdaq GEMX, NOM, MIAX Emerald	1.00
Routed, Public Customer that is not a Priority Customer, Penny Program, to: NYSE American, NYSE Arca Options, Cboe BZX Options, BOX, Cboe, Cboe C2, Cboe EDGX Options, Nasdaq GEMX, Nasdaq ISE, Nasdaq MRX, MIAX Emerald, MIAX, NOM, Nasdaq PHLX, Nasdaq BX Options	0.65
Routed, Public Customer that is not a Priority Customer, Non-Penny Program, to: NYSE American, MIAX, Cboe, Nasdaq PHLX, Nasdaq ISE, Cboe EDGX Options	1.00
Routed, Public Customer that is not a Priority Customer, Non-Penny Program, to: Cboe C2, NOM, BOX, Nasdaq BX Options, MIAX Emerald	1.15
Routed, Public Customer that is not a Priority Customer, Non-Penny Program, to: Cboe BZX Options, NYSE Arca Options, Nasdaq GEMX, Nasdaq MRX	1.25

In determining to amend its Routing Fees, the Exchange took into account transaction fees and rebates assessed by the away markets to which the Exchange routes orders, as well as the Exchange's clearing costs,⁵ administrative, regulatory, and technical costs associated with routing orders to an away market. The Exchange uses unaffiliated routing brokers to route orders to the away markets; the costs associated with the use of these services are included in the routing fees specified in the Fee Schedule. This routing fees structure is not only similar to the Exchange's affiliates, MIAX and MIAX Emerald, but is also comparable to the structures in place at other competing options exchanges, such as Cboe BZX.⁶ The Exchange's routing fee structure approximates the Exchange's costs associated with routing orders to

away markets. The per-contract transaction fee amount associated with each grouping closely approximates the Exchange's all-in cost (plus an additional, non-material amount) to execute that corresponding contract at that corresponding exchange. The Exchange notes that in determining whether to adjust certain groupings of options exchanges in the routing fee table, the Exchange considered the transaction fees and rebates assessed by away markets, and determined to amend the grouping of exchanges that assess transaction fees for routed orders within a similar range. This same logic and structure applies to all of the groupings in the routing fees table. By utilizing the same structure that is utilized by the Exchange's affiliates, MIAX and MIAX Emerald, the Exchange's Members⁷ will be assessed routing fees in a similar

manner. The Exchange believes that this structure will minimize any confusion as to the method of assessing routing fees between the three exchanges. The Exchange notes that its affiliates, MIAX and MIAX Emerald, will file to make the same proposed routing fee change for Nasdaq MRX.

2. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(4) of the Act⁹ in particular, in that it is an equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities. The Exchange also believes the proposal furthers the objectives of Section 6(b)(5) of the Act¹⁰ in that it is designed to

⁴ See Cboe BZX Fee Schedule under "Fee Codes and Associated Fees."

⁵ The OCC amended its clearing fee from \$0.01 per contract side to \$0.02 per contract side. See Securities Exchange Act Release No. 71769 (March 21, 2014), 79 FR 17214 (March 27, 2014) (SR-OCC-2014-05).

⁶ See *supra* note 4. The Cboe BZX fee schedule has exchange groupings, whereby several exchanges

are grouped into the same category, dependent on the order's Origin type and whether it is a Penny or Non-Penny class. For example, Cboe BZX fee code RR covers routed customer orders in Non-Penny classes to NYSE Arca, Cboe C2, Nasdaq ISE, Nasdaq Gemini, MIAX Emerald, MIAX PEARL, or NOM, with a single fee of \$1.25 per contract. *Id.*

⁷ The term "Member" means an individual or organization that is registered with the Exchange

pursuant to Chapter II of Exchange Rules for purposes of trading on the Exchange as an "Electronic Exchange Member" or "Market Maker." Members are deemed "members" under the Exchange Act. See the Definitions section of the Fee Schedule and Exchange Rule 100.

promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest and is not designed to permit unfair discrimination between customers, issuers, brokers and dealers.

The Exchange believes the proposed change to the exchange groupings of options exchanges within the routing fee table furthers the objectives of Section 6(b)(4) of the Act and is reasonable, equitable and not unfairly discriminatory because the proposed change will continue to apply in the same manner to all Members that are subject to routing fees. The Exchange believes the proposed change to the routing fee table exchange groupings furthers the objectives of Section 6(b)(5) of the Act and is designed to promote just and equitable principles of trade and is not unfairly discriminatory because the proposed change seeks to recoup costs that are incurred by the Exchange when routing customer orders to away markets on behalf of Members and does so in the same manner to all Members that are subject to routing fees. The costs to the Exchange to route orders to away markets for execution primarily includes transaction fees and rebates assessed by the away markets to which the Exchange routes orders, in addition to the Exchange's clearing costs, administrative, regulatory and technical costs. The Exchange believes that the proposed re-categorization of certain exchange groupings would enable the Exchange to recover the costs it incurs to route orders to Nasdaq MRX. The per-contract transaction fee amount associated with each grouping approximates the Exchange's all-in cost (plus an additional, non-material amount) to execute the corresponding contract at the corresponding exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes its proposed re-categorization of certain exchange groupings is intended to enable the Exchange to recover the costs it incurs to route orders to away markets, particularly Nasdaq MRX. The Exchange does not believe that this proposal imposes any unnecessary burden on competition because it seeks to recoup costs incurred by the Exchange when routing orders to away markets on

behalf of Members and other exchanges have similar routing fee structures.¹¹

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,¹² and Rule 19b-4(f)(2)¹³ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
