Background

On October 11, 2023, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Worcester Resiliency Upgrade Project (Notice of Scoping)*, and on November 22, 2023, the Commission issued a *Notice of Public Scoping Session*. Both the *Notice of Scoping* and the *Notice of Public Scoping Session* were sent to affected landowners; Federal, State, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the *Notice of Scoping*, the Commission received comments from State Delegate Wayne Hartman, Commissioner Chip Bertino, Senator Mary Beth Carozzi, and Director of Worcester County Department of Environmental Programs, Robert Mitchell. As stated in the *Notice of Public Scoping Session*, Commission staff held a public meeting for the Project on December 13, 2023. Comments were in support of the proposed Project, with no

environmental concerns raised by the commenters. All substantive comments will be addressed in the EA.

There are currently no cooperating agencies in the preparation of the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Additional information about the Project is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC website (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (i.e., CP23-536), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

[Project No. 2514-209]

Appalachian Power Company; Notice of Intent To Prepare an Environmental Assessment

On February 28, 2022, as supplemented,¹ Appalachian Power Company filed an application for a new major license for the 26.1-megawatt, two-development Byllesby-Buck Hydroelectric Project (Byllesby-Buck Project or project; FERC No. 2514). The Byllesby-Buck Project is located on the New River, near the city of Galax, in Carroll County, Virginia.

In accordance with the Commission's regulations, on October 13, 2023, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major Federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to license the Byllesby-Buck Project.

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The Commission's Office of Public Participation (OPP) supports meaningful

public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or *OPP@ferc.gov*.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA	June 2024. ²
Comments on EA	July 2024.

Any questions regarding this notice may be directed to Jody Callihan at (202) 502-8278 or *jody.callihan@ferc.gov*.
