

unnecessary obstacles to the foreign commerce of the United States. Pursuant to these Acts, the establishment of standards is not considered an unnecessary obstacle to the foreign commerce of the United States, so long as the standard has a legitimate domestic objective, such as the protection of safety, and does not operate in a manner that excludes imports that meet this objective. The statute also requires consideration of international standards and, where appropriate, that they be the basis for U.S. standards. The FAA has assessed the potential effect of this rule and determined that it will impose no costs on either domestic or international entities and thus has a neutral trade impact.

Unfunded Mandates Assessment

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a state, local, or tribal government or the private sector to incur direct costs without the Federal government having first provided the funds to pay those costs. The FAA determined that the proposed rule would not result in the expenditure of \$177,000,000 or more by State, local, or tribal governments, in the aggregate, or the private sector, in any one year.

Paperwork Reduction Act

The Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)) requires that the FAA consider the impact of paperwork and other information collection burdens imposed on the public. The FAA has determined that there would be no new requirement for information collection associated with this proposed rule.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F: “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11H, Airspace Designations and Reporting Points, dated August 11, 2023, and effective September 15, 2023, is amended as follows:

Paragraph 4000 Class C Airspace.

* * * * *

ASO PR C San Juan, PR [Amended]

San Juan Luis Munoz Marin International Airport, PR

(Lat. 18°26′22″ N, long. 66°00′07″ W)

That airspace extending upward from the surface to and including 4,000 feet MSL within a 5-miles radius of the Luis Munoz Marin International Airport beginning at lat. 18°30′24″ N, long. 66°3′16″ W, clockwise to lat. 18°26′41″ N, long. 66°5′23″ W, thence east to lat. 18°26′42″ N, long. 66°3′34″ W, thence north to the beginning point; and that airspace extending upward from 2,800 feet MSL to 4,000 feet MSL within a 10-mile radius of the Luis Munoz Marin International Airport from the 129° bearing from the airport clockwise to the 189° bearing from the airport; and that airspace extending upward from 1,700 feet MSL to 4,000 feet MSL within a 10-mile radius of the airport from the 189° bearing from the airport clockwise to the 229° bearing from the airport; and that airspace extending upward from 1,200 feet MSL to 4,000 feet MSL within a 10-mile radius of the airport from the 229° bearing from the airport clockwise to the 129° bearing from the airport.

[Docket No. FAA–2023–1829; Airspace Docket No. 23–ASO–05]

RIN 2120–AA66

Amendment of Very High Frequency Omnidirectional Range (VOR) Federal Airway V–9; Arkansas

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend Very High Frequency Omnidirectional Range (VOR) Federal airway V–9 in Arkansas. V–9 currently exists as three separate route segments, and this proposed amendment would connect two of the route segments to create a longer contiguous airway.

DATES: Comments must be received on or before November 20, 2023.

ADDRESSES: Send comments identified by FAA Docket No. FAA–2023–1829 and Airspace Docket No. 23–ASO–05 using any of the following methods:

* *Federal eRulemaking Portal:* Go to www.regulations.gov and follow the online instructions for sending your comments electronically.

* *Mail:* Send comments to Docket Operations, M–30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.

* *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

* *Fax:* Fax comments to Docket Operations at (202) 493–2251.

Docket: Background documents or comments received may be read at www.regulations.gov at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FAA Order JO 7400.11H, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Office of Policy, Federal Aviation

Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it receives on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Operations office (see **ADDRESSES** section for address, phone number, and hours of operations). An informal docket may also be examined during normal business hours at the office of the Eastern Service Center, Federal Aviation Administration, Room 210, 1701 Columbia Avenue, College Park, GA 30337.

Incorporation by Reference

Domestic VOR Federal Airways are published in paragraph 6010(a) of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11H, dated August 11, 2023, and effective September 15, 2023. These updates would be published in the next update to FAA Order JO 7400.11. That order is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11H lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

Background

The FAA published a Final rule for Docket No. FAA–2022–0646 in the **Federal Register** (87 FR 54878; September 8, 2022) that amended V–9 and removed the route segments between the Marvell, AR (UJM), VOR/DME); Gilmore, AR (GQE), VOR/DME); Malden, MO (MAW), Tactical Air Navigation (TACAN), and the Farmington, MO (FAM), VOR/Tactical Air Navigation (VORTAC) in support of the FAA's VOR Minimum Operation Network (MON) project. The Gilmore VOR/DME and the Malden TACAN are

scheduled to be decommissioned in support of the FAA's VOR MON Program. The Department of Defense subsequently requested V–9 to connect between the Marvell, AR (UJM), VOR/DME and the Farmington, MO (FAM), VORTAC to simplify flight planning along this route segment.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 to amend VOR Federal airway V–9 in Arkansas. The proposed route changes are described below.

V–9: V–9 currently extends between the Leeville, LA (LEV), VORTAC and the Marvell, AR (UJM), VOR/DME; between the Farmington, MO (FAM), VORTAC to the Pontiac, IL (PNT), VOR/DME; and between the Janesville, WI (JVL), VOR/DME to the Houghton, MI (CMX), VOR/DME. The FAA proposes to establish V–9 between the Marvell VOR/DME and the Farmington VORTAC to create a longer contiguous airway.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11H, Airspace Designations and Reporting Points, dated August 11, 2023, and effective September 15, 2023, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

* * * * *

V–9 [Amended]

From Leeville, LA; McComb, MS; INT McComb 004°T/001°M and Magnolia, MS 194°T/195°M radials; Magnolia; Sidon, MS; Marvell, AR; INT Marvell 326°T/325°M and Walnut Ridge, AR 187°T/183°M radials; Walnut Ridge; Farmington, MO; St. Louis, MO; Spinner, IL; to Pontiac, IL. From Janesville, WI; Madison, WI; Oshkosh, WI; Green Bay, WI; Iron Mountain, MI; to Houghton, MI.
