With regard to the ITC's negative critical circumstances determination on imports of the solar cells from the PRC, we will instruct CBP to lift suspension and to release any bond or other security, and refund any cash deposit made, to secure the payment of estimated antidumping duties with respect to entries of the merchandise entered, or withdrawn from warehouse, for consumption on or after February 25, 2012 (*i.e.*, 90 days prior to the date of publication of the *Preliminary Determination*), but before May 25, 2012.

This notice constitutes the antidumping duty order with respect to solar cells from the PRC pursuant to section 736(a) of the Act. Interested parties may contact the Department's Central Records Unit, Room 7043 of the main Commerce building, for copies of an updated list of antidumping duty orders currently in effect.

This order and amended final determination are published in accordance with sections 736(a) and 735(e) of the Act and 19 CFR 351.211 and 351.224(e).

Dated: December 3, 2012.

Ronald K. Lorentzen,
Acting Assistant Secretary for Import Administration.

Lemon Juice From Argentina: Final Results of the Expedited First Sunset Review of the Suspended Antidumping Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* December 7, 2012.

SUMMARY: On August 1, 2012, the Department of Commerce ("Department") published in the **Federal Register** the notice of initiation of the sunset review of the suspended antidumping duty investigation on lemon juice from Argentina. The Department has conducted an expedited sunset review of this suspended investigation. As a result of this sunset review, the Department finds that termination of the suspended antidumping duty investigation would be likely to lead to continuation or recurrence of dumping at the rates identified in the "Final Results of Review" section of this notice.

FOR FURTHER INFORMATION CONTACT: Julie Santoboni or Anne D'Alauro, Office of Policy, Bilateral Agreements Unit, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-3063 and (202) 482-4830, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2012, the Department initiated a sunset review of the suspended antidumping duty investigation on lemon juice from Argentina, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Review*, 77 FR 45589 (August 1, 2012). The Department received a notice of intent to participate from domestic interested party Ventura Coastal LLC ("Ventura"), a joint venture between Ventura Coastal and Sunkist Growers, Inc. (petitioner in the underlying investigation), within the deadline specified in 19 CFR 351.218(d)(1)(i). Ventura claimed interested party status under section 771(9)(C) of the Act as a manufacturer, producer, or wholesaler in the United States of a domestic like product.

On August 31, 2012, the Department received a substantive response from Ventura. In addition to meeting the other requirements of 19 CFR 351.218(d)(3), Ventura provided information on the volume and value of Argentine exports of lemon juice to the United States. The Department received no responses from other parties to this proceeding. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review.

As explained in the memorandum from the Assistant Secretary for Import

Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 29, through October 30, 2012. Thus, all deadlines in this segment of the proceeding have been extended by two days. The revised deadline for the final results of this review is now December 2, 2012. See Memorandum to the Record from Paul Piquado, Assistant Secretary for Import Administration, regarding "Tolling of Administrative Deadlines As a Result of the Government Closure During the Recent Hurricane," dated October 31, 2012.

Scope of the Suspended Investigation

The merchandise covered by the suspended investigation includes certain lemon juice for further manufacture, with or without addition of preservatives, sugar, or other sweeteners, regardless of the GPL (grams per liter of citric acid) level of concentration, brix level, brix/acid ratio, pulp content, clarity, grade, horticulture method (e.g., organic or not), processed form (e.g., frozen or not-from-concentrate), FDA standard of identity, the size of the container in which packed, or the method of packing.

Excluded from the scope are: (1) Lemon juice at any level of concentration packed in retail-sized containers ready for sale to consumers, typically at a level of concentration of 48 GPL; and (2) beverage products such as lemonade that typically contain 20% or less lemon juice as an ingredient.

Lemon juice is classifiable under subheadings 2009.39.6020, 2009.31.6020, 2009.31.4000, 2009.31.6040, and 2009.39.6040 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this Agreement is dispositive.

Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum ("Decision Memorandum") from Lynn Fischer Fox, Deputy Assistant Secretary for Policy & Negotiations, to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with this notice, which is hereby adopted by this notice. The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margin of dumping likely to prevail if the suspended investigation were revoked. Parties can find a complete discussion of all issues raised in the review and the

corresponding recommendations in this public memorandum, which is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit in room 7046 of the main Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Review

Pursuant to sections 752(c)(1) and (3) of the Act, we find that termination of the suspended antidumping duty investigation on lemon juice from Argentina would be likely to lead to continuation or recurrence of dumping and that the magnitude of the margin of dumping likely to prevail if the suspended investigation were terminated is 85.64 percent for San Miguel, 128.5 percent for Citrusvil and 113.52 percent for all other exporters.

This notice also serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: December 3, 2012.

Paul Piquado,

Assistant Secretary for Import Administration.

U.S. Environmental Solutions Toolkit

AGENCY: International Trade Administration, DOC.

ACTION: Notice and Request for Comment.

SUMMARY: This notice sets forth a request for input from U.S. businesses capable of exporting their goods or services relevant to reducing air pollution from oil and natural gas production and processing. The Department of Commerce continues to develop the web-based *U.S. Environmental Solutions Toolkit* to be used by foreign environmental officials and foreign end-users of environmental technologies that will outline U.S. approaches to a series of environmental problems and highlight participating U.S. vendors of relevant U.S. technologies. The Toolkit will support the President's National Export Initiative by fostering export opportunities for the U.S. environmental industry, as well as advancing global environmental protection.

DATES: U.S. companies capable of exporting goods or services relevant to the environmental issue outlined above that are interested in participating in the U.S. Environmental Solutions Toolkit should self-identify by December 31, 2012, at 5:00 p.m. Eastern Daylight Time (EDT).

ADDRESSES: Please indicate interest in participating in the U.S. Environmental Solutions Toolkit by post, email, or fax to the attention of Todd DeLelle, Office of Energy & Environmental Industries, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Ave. NW., Room 4053, Washington, DC 20230; 202-482-4877; email envirotech@trade.gov; fax 202-482-5665.

SUPPLEMENTARY INFORMATION: The development of the *U.S. Environmental Solutions Toolkit* requires the identification of U.S. vendors capable of supplying relevant goods and services to foreign buyers. United States exporters interested in being listed on the Toolkit Web site are encouraged to submit their company's name, Web site address, contact information, and oil and natural gas air emissions reduction solution categories of interest from the following list: (a) Glycol dehydrators; (b) absorption towers; (c) flash tanks.

For purposes of participation in the Toolkit, "United States exporter" has the meaning found in 15 U.S.C. 4721(j), which provides: "United States exporter means (A) a United States citizen; (B) a corporation, partnership, or other association created under the laws of the United States or of any State; or (C) a foreign corporation, partnership, or other association, more than 95 percent of which is owned by persons described in subparagraphs (A) and (B), that exports, or seeks to export, goods or
