

Working Group meetings are held at locations other than at NRC facilities, reproduction facilities may not be available at a reasonable cost. Accordingly, 25 additional copies of the materials to be used during the meeting should be provided for distribution at such meetings.

Special Provisions When Proprietary Sessions Are To Be Held

If it is necessary to hold closed sessions for the purpose of discussing matters involving proprietary information, persons with agreements permitting access to such information may attend those portions of the ACNW meetings where this material is being discussed upon confirmation that such agreements are effective and related to the material being discussed.

The Designated Federal Official should be informed of such an agreement at least five working days prior to the meeting so that it can be confirmed, and a determination can be made regarding the applicability of the agreement to the material that will be discussed during the meeting. The minimum information provided should include information regarding the date of the agreement, the scope of material included in the agreement, the project or projects involved, and the names and titles of the persons signing the agreement. Additional information may be requested to identify the specific agreement involved. A copy of the executed agreement should be provided to the Designated Federal Official prior to the beginning of the meeting for admittance to the closed session.

Dated: October 4, 2000.

Andrew L. Bates,

Advisory Committee Management Officer.

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Reactor Safeguards; Procedures for Meetings

Background

This notice describes procedures to be followed with respect to meetings conducted by the Nuclear Regulatory Commission's (NRC's) Advisory Committee on Reactor Safeguards (ACRS) pursuant to the Federal Advisory Committee Act. These procedures are set forth so that they may be incorporated by reference in future notices for individual meetings.

The ACRS is a statutory group established by Congress to review and

report on applications for the licensing of nuclear power reactor facilities and on certain other nuclear safety matters. The Committee's reports become a part of the public record.

The ACRS meetings are conducted in accordance with the Federal Advisory Committee Act; they are normally open to the public and provide opportunities for oral or written statements from members of the public to be considered as part of the Committee's information gathering process. ACRS reviews do not normally encompass matters pertaining to environmental impacts other than those related to radiological safety.

The ACRS meetings are not adjudicatory hearings such as those conducted by the NRC's Atomic Safety and Licensing Board Panel as part of the Commission's licensing process.

General Rules Regarding ACRS Meetings

An agenda is published in the **Federal Register** for each full Committee meeting and is available on the Internet at <http://www.nrc.gov/ACRSACNW> and is updated as changes are made. There may be a need to make changes to the agenda to facilitate the conduct of the meeting. The Chairman of the Committee is empowered to conduct the meeting in a manner that, in his/her judgment, will facilitate the orderly conduct of business, including making provisions to continue the discussion of matters not completed on the scheduled day on another meeting day. Persons planning to attend the meeting may contact the Designated Federal Official specified in the individual **Federal Register** Notice prior to the meeting to be advised of any changes to the agenda that may have occurred. This individual can be contacted between 7:30 a.m. and 4:15 p.m., Eastern Time.

The following requirements shall apply to public participation in ACRS full Committee meetings:

(a) Persons wishing to submit written comments regarding the agenda items may do so by sending a readily reproducible copy addressed to the Designated Federal Official specified in the **Federal Register** Notice, care of the Advisory Committee on Reactor Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Comments should be limited to items being considered by the Committee. Comments should be in the possession of the Designated Federal Official at least five days prior to a meeting to allow time for reproduction and distribution. Written comments may also be submitted by providing a readily reproducible copy to the Designated

Federal Official at the beginning of the meeting.

(b) Persons desiring to make oral statements at the meeting should make a request to do so to the Designated Federal Official. If possible, the request should be made five days before the meeting, identifying the topics to be discussed and the amount of time needed for presentation so that orderly arrangements can be made. The Committee will hear oral statements on topics being reviewed at an appropriate time during the meeting as scheduled by the Chairman.

(c) Information regarding topics to be discussed, changes to the agenda, whether the meeting has been canceled or rescheduled, and the time allotted to present oral statements can be obtained by contacting the Designated Federal Official between 7:30 a.m. and 4:15 p.m., Eastern Time.

(d) During the presentations and discussions at ACRS meetings, questions may be asked only by ACRS members, ACRS consultants and staff, and the NRC staff.

(e) The use of still, motion picture, and television cameras will be permitted at the discretion of the Chairman and subject to the condition that the physical installation and presence of such equipment will not interfere with the conduct of the meeting. The Designated Federal Official will have to be notified prior to the meeting and will authorize the installation or use of such equipment after consultation with the Chairman. The use of such equipment will be restricted as is necessary to protect proprietary or privileged information that may be in documents, folders, etc., in the meeting room. Electronic recordings will be permitted only during those portions of the meeting that are open to the public.

(f) A transcript is kept for certain open portions of the meeting and will be made available to the public through the NRC's Public Document Room, One White Flint North, Room O-1F21, 11555 Rockville Pike, Rockville, MD 20852-2738, or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS) which is accessible from the NRC Web site at <http://www.nrc.gov/NRC/ADAMS/index.html> (the Public Electronic Reading Room). A copy of the certified minutes of the meeting will be available at the same location on or before three months following the meeting. Copies may be obtained from the PDR upon payment of appropriate reproduction charges. ACRS meeting agenda, meeting transcripts, and letter reports are available for downloading or viewing on

the Internet at <http://www.nrc.gov/ACRSACNW>.

(g) Videoteleconferencing service is available for observing open sessions of ACRS meetings. Those wishing to use this service for observing ACRS meetings should contact Mr. Theron Brown, ACRS Audio Visual Technician, (301-415-8066) between 7:30 a.m. and 3:45 p.m. Eastern Time at least 10 days before the meeting to ensure the availability of this service. Individuals or organizations requesting this service will be responsible for telephone line charges and for providing the equipment and facilities that they use to establish the videoteleconferencing link. The availability of videoteleconferencing services is not guaranteed.

ACRS Subcommittee Meetings

ACRS Subcommittee meetings will also be conducted in accordance with the above procedures, as appropriate. When Subcommittee meetings are held at locations other than at NRC facilities, reproduction facilities may not be available at a reasonable cost. Accordingly, 25 additional copies of the materials to be used during the meeting should be provided for distribution at such meetings.

Special Provisions When Proprietary Sessions Are To Be Held

If it is necessary to hold closed sessions for the purpose of discussing matters involving proprietary information, persons with agreements permitting access to such information may attend those portions of the ACRS meetings where this material is being discussed upon confirmation that such agreements are effective and related to the material being discussed.

The Designated Federal Official should be informed of such an agreement at least five working days prior to the meeting so that it can be confirmed, and a determination can be made regarding the applicability of the agreement to the material that will be discussed during the meeting. The minimum information provided should include information regarding the date of the agreement, the scope of material included in the agreement, the project or projects involved, and the names and titles of the persons signing the agreement. Additional information may be requested to identify the specific agreement involved. A copy of the executed agreement should be provided to the Designated Federal Official prior to the beginning of the meeting for admittance to the closed session.

Dated: October 4, 2000.

Andrew L. Bates,
Advisory Committee Management Officer.

NUCLEAR REGULATORY COMMISSION

Appointments to Recertification Performance Review Boards for the Senior Executive Service

AGENCY: Nuclear Regulatory Commission.

ACTION: Appointment to Recertification Performance Review Boards for the Senior Executive Service.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has announced the following appointments to NRC Recertification Performance Review Boards.

The following individuals are appointed as members of the NRC Recertification Performance Review Board (PRB) responsible for making recommendations to the appointing and awarding authorities on recertification for Senior Executives:

Appointees

Patricia G. Norry, Deputy Executive Director for Management Services, Chair
Ellis Merschoff, Regional Administrator, Region IV
Stephen G. Burns, Deputy General Counsel

The following individuals are appointed as members of the NRC Recertification PRB Panel responsible for making recommendations to the appointing and awarding authorities on recertification of Recertification PRB members:

Appointees

Jesse L. Funches, Chief Financial Officer, Chair
Frank Miraglia, Deputy Executive Director for Reactor Programs
Dennis Rathbun, Director, Office of Congressional Affairs

All appointments are made pursuant to section 4314 of chapter 43 of title 5 of the United States Code.

EFFECTIVE DATE: October 11, 2000.

FOR FURTHER INFORMATION CONTACT:
Carolyn J. Swanson, U.S. Nuclear Regulatory Commission, Washington, DC 20555 (301) 415-7530.

Dated at Rockville, Maryland, this 29th day of September, 2000.

For the U.S. Nuclear Regulatory Commission.

Carolyn J. Swanson,
Secretary, Executive Resources Board

PRESIDIO TRUST

The Presidio of San Francisco, California; Amendment of Notice of Intent and Extension of the Public Comment Period for the Presidio Trust Implementation Plan Supplemental Environmental Impact Statement

AGENCY: The Presidio Trust.

ACTION: Amendment of initial Notice of Intent to conduct public scoping and prepare a Supplemental Environmental Impact Statement and extension of scoping period.

SUMMARY: The Presidio Trust (Trust) is amending its Notice of Intent published on June 30, 2000 (65 FR 40707) to add a third public scoping meeting and make factual corrections. The Trust is also extending the previously announced scoping period from November 15, 2000 to December 8, 2000 to provide additional time for the public to make views known regarding the Presidio Trust Implementation Plan (PTIP) Environmental Impact Statement (EIS). The PTIP EIS is a supplement to the 1994 Final General Management Plan Amendment (GMPA) EIS for the Presidio.

SUPPLEMENTARY INFORMATION: On June 30, 2000, the Trust announced its intention to prepare a Supplemental EIS for PTIP and to hold two public scoping meetings to determine the scope of impact topics and alternatives to be addressed in the Supplemental EIS (first NOI; 65 FR 40707-08). The first public workshop on July 12, 2000 addressed scoping issues and solicited public comment regarding the range of issues, alternatives, and specific impacts to be evaluated in the Supplemental EIS. A second workshop, not originally planned but widely announced through a variety of media and held on September 13, 2000, solicited comments on financial planning concepts that will help shape the alternatives to be evaluated in the EIS. A third workshop, previously planned for October 11, 2000 and now rescheduled for November 15, 2000 will present conceptual alternatives to be addressed in the EIS and visions for the Presidio's future. The extension of the scoping period until December 8, 2000 will enable the public to review and comment on the
