BILLING CODE 4000-01-M

DEPARTMENT OF EDUCATION

Privacy Act of 1974; Computer Matching Program; Notice

AGENCY: Department of Education. **ACTION:** Notice—Computer matching between the Department of Education and the Internal Revenue Service, Department of Treasury.

SUMMARY: Pursuant to the Computer Matching and Privacy Protection Act of 1988, Pub. L. 100–503, and the Office of Management and Budget (OMB) Guidelines on the Conduct of Matching Programs, notice is hereby given of the computer matching program between the Department of Education (ED) (the recipient agency), and the Internal Revenue Service (IRS), Department of Treasury (the source agency).

Notice of the matching program was originally published in the **Federal** Register on April 12, 1974 (58 FR 31587); the program became effective January 14, 1998. Duration was 18 months plus a one-year extension permitted by the Privacy Act of 1974, as amended by the Computer Matching and Privacy Protection Act of 1988 (5 U.S.C. 552a(o)(2)(D)). The one-year extension expired July 14, 2000. This document notifies the public of the approval of a new agreement between the Department of Treasury and Department of Education to continue the matching program. The Data Integrity Boards will continue the matching program.

In accordance with the Privacy Act of 1974 (5 U.S.C. 552a), as amended, and OMB guidance on the computer matching provision of the Privacy Act, we provide the following information:

1. Name of Participating Agencies

The U.S. Department of Education (ED) and the Internal Revenue Service (IRS) of the U.S. Department of Treasury.

2. Purpose of the Match

This matching program, entitled Taxpayer Address Request (TAR), permits ED to have access to any taxpayer's mailing address who has defaulted on certain loans extended under the Higher Education Act for the purposes of locating the taxpayer to collect the loan. This agreement further provides for redisclosure by the Secretary of Education of a taxpayer's mailing address to any lender, or State or nonprofit guarantee agency, also participating under the Higher Education Act, or any educational institution with which the Secretary of Education has an agreement under that Act.

3. Authority for Conducting the Matching Program

The information contained in the IRS data base is referred to as TAR, and is authorized under the Internal Revenue Code (IRC) sections 6103 (m)(4) and (m)(5), Pub. L. 99–603.

4. Categories of Records and Individuals Covered

The records to be used in the match and the roles of the matching participants are described as follows:

ED will provide the Social Security Number (SSN) and first four letters of the last name of each student who has defaulted under a loan program authorized under Title IV of the Higher Education Act of 1965. This information will be extracted from the Student Financial Assistance Collection System of records (18–11–07). The ED data will be matched against the IRS' system of records to collect most the recent address of each taxpayer who matches the SSN and first four letters of the last provided by ED.

5. Effective Dates of the Matching Program

The matching program will become effective 40 days after a copy of the agreement, as approved by the Data Integrity Board of each agency, is sent to Congress and the Office of Management and Budget, or 30 days after publication of this notice in the Federal Register, unless OMB disapproves the Matching Program within the 40-day review period. If OMB takes no action within 40 days, this Matching Program becomes effective after both the 40-day OMB period and the 30-day period have passed. The matching program will continue for 18 months after the effective date and may be extended for an additional 12 months, if the conditions specified in 5 U.S.C. 552a(o)(2)(D) have been met.

6. Address for Receipt of Public Comments or Inquiries

The person to contact if there are any questions or inquiries is: Cynthia DB Mills, Management Analyst, Federal

Family Student Loan Systems Division, Student Financial Assistance, Development Division, U.S. Department of Education, 400 Maryland Avenue, SW, (Room 4613, ROB-3), Washington, DC 20202, Telephone: 202-708-9768. If vou use a telecommunications device for the deaf (TTD) you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339. Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed in the preceding paragraph.

Electronic Access to This Document

Anyone may view this document, as well as all other Department of Education documents published in the **Federal Register**, in text or portable document format (PDF) on the World Wide Web at either of the following sites:

http://ocfo.ed.gov/fedreg.htm http://www.ed.gov/news.html

To use PDF you must have Adobe Acrobat Reader, which is available free at either of the previous sites. If you have questions about using PDF, call the U.S. Government Printing Office toll free at 1–888–293–6498.

Note: The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: http://www.access.gpo.gov/nara/index.html

Dated: August 18, 2000.

Greg Woods,

Chief Operating Officer, Student Financial Assistance.

DEPARTMENT OF ENERGY

Sponsorship and Support for the 2001 American Solar Challenge

AGENCY: Golden Field Office, Department of Energy (DOE). **ACTION:** Notice of sponsorship and support for the 2001 American Solar Challenge.

SUMMARY: The U.S. Department of Energy (DOE) is announcing its intention to sponsor the 2001 American Solar Challenge, a solar-powered car race across the United States. DOE will support the American Solar Challenge by providing funding to New Resources Group, the race organizer, to support the planning, management, and conduct of the race. DOE will also conduct public

outreach and community relations before and during the race. Parties interested in co-sponsoring or supporting the American Solar Challenge should contact Dan Eberle, organizer, at Formula Sun, P.O. Box 30, Freeman, MO 64746, 1–800–840–5511 or deberle@formulasun.org.

DATES: The American Solar Challenge will be held July 15, 2001 through July 25, 2001.

FOR FURTHER INFORMATION CONTACT:

Ruth E. Adams, Contracting Officer, at 303–275–4722, e-mail ruth adams@nrel.gov.

ADDRESSES: Copies of this Announcement, can be obtained from the Golden Field Office Home page at http://www.eren.doe.gov/golden/solicitations.html. Details on the American Solar Challenge can be obtained at http://www.formulasun.org/ascindex.html.

SUPPLEMENTARY INFORMATION: Under this Announcement, DOE is announcing its intention to sponsor the 2001 American Solar Challenge (ASC). The ASC is a biennial, competition to design, build and race solar-powered cars. The tenday, cross-country event will be held from July 15, 2001 through July 25, 2001 and follow the historic Route 66, beginning in Chicago, Illinois and ending near Los Angeles, CA. Historically, solar car racing in the U.S. has featured exclusively North American post secondary (college and university) teams. However, the ASC has opened entry to schools, companies, universities, clubs and individuals worldwide. The American Solar Challenge will pit cars powered only by the sun's energy against each other in a competition that only the brightest, most creative and best organized team can be expected to win. At almost 2300 miles, it will be the longest solar car race in the world. Since it follows the old Route 66 and coincides with the 75th anniversary of that famous road, it will be a highly visible event and provide a dramatic, high technology. futuristic contrast to the nostalgic events surrounding the anniversary. In the past, sponsors of solar car races, both domestic and international, have received significant amounts of very positive publicity that has enhanced the sponsors' public image. This race has the potential to be the most visible solar car race ever. The mission of the American Solar Challenge is to promote and celebrate educational excellence and engineering creativity and champion the creative integration of technical and scientific expertise across a range of exciting disciplines. The

mission includes the promotion of: (1) Renewable energies, specifically photovoltaics; (2) educational and engineering excellence; (3) environmental consciousness; and (4) public education and awareness of the potential of emerging technologies.

Through sponsorship, DOE intends to support and encourage bright minds to succeed in the fields of engineering, sciences, mathematics, and multidisciplined learning and to support public awareness and enthusiasm, both for educational excellence and for the technologies that emerge. DOE's funding support is expected to be \$400,000 for the planning, management, and conduct of the race. DOE will also conduct public outreach and community relations before and during the race. In addition to DOE's support, New Resources Group is seeking cosponsorship and support for the solarpowered car race. Parties interested in co-sponsoring or supporting the American Solar Challenge, either financially or through donations, should contact Dan Eberle, President of New Resources Group and race organizer, at Formula Sun, P.O. Box 30, Freeman, MO 64746, 1-800-840-5511 or deberle@formulasun.org. Parties interested in providing support to participating teams should contact the teams directly. A list of participating teams can be obtained from www.formulasun.org or contacting Dan Eberle at deberle@formulasun.org or by calling 1-877-840-5511 or 1-800-606-8881. Race regulations and route information for the American Solar Challenge can be obtained through http:/www.formulasun.org/ ascindex.html. For information on previous solar car races, access http:/ www.sunrayce.com/sunrayce/.

Issued in Golden, Colorado, on August 16, 2000.

Jerry L. Zimmer,

Procurement Director, in care of Golden Field Office.

DEPARTMENT OF ENERGY

Nuclear Medicine Education Award Program

AGENCY: Department of Energy. **ACTION:** Notice of Program Interest.

SUMMARY: The U.S. Department of Energy (DOE) announces a university grant program providing support for the development of graduate and postgraduate academic curricula in nuclear medicine studies and

applications including nuclear pharmacy. The support includes individual grants up to \$120,000 a year for up to three years to support faculty, academic staff, and laboratory equipment and instrumentation. The total funding for this award program is \$500,000 per year for three years. The specific goal of these grants is to increase the number of graduate students enrolled in these programs.

DATES: Opening date: September 5, 2000, and closing date: October 23,

2000.

ADDRESSES: Complete details, instructions on how to apply, opening and closing dates and the forms may be obtained from the DOE NE home page on the Internet at: http://www.ne.doe.gov. The formal solicitation document will be disseminated electronically as solicitation number DE-PS01-00NE22918 through the Department's Industry Interactive Procurement System (IIPS) home page located at https://doe-iips.pr.doe.gov.

FOR FURTHER INFORMATION CONTACT: John Pantaleo, Program Manager, at 301–903–2525 and Phyllis Morgan, Contract Specialist at 202–426–0064.

supplementary information: This effort is part of the DOE Advanced Nuclear Medicine Initiative (ANMI) that was inaugurated Fiscal Year 2000. The purpose of the ANMI is to support broad-based research on new uses of isotopes including alpha emitters for the diagnosis and therapy of life threatening diseases or other innovative medical applications, and to support nuclear medicine educational programs.

Effective October 1, 1999, the IIPS system became the primary way for the Office of Headquarters Procurement Services to conduct competitive acquisitions and financial assistance transactions. IIPS provides the medium for disseminating solicitations, receiving financial assistance applications and proposals, evaluating, and awarding various instruments in a paperless environment. All documents included in your applications should be submitted in the Microsoft Word format. To get more information about IIPS and to register your organization, go to https://doe-iips.pr.doe.gov. Follow the link on the IIPS home page to the Secure Services Page. Registration is a prerequisite to the submission of an application, and applicants are encouraged to register as soon as possible. When registering, all applicants should use the same North American Industry Classifications System number: 325412. A help document, which describes how IIPS
