

of individual stocks for all types of orders, large and small.”<sup>21</sup>

*Intramarket Competition.* The Exchange believes the proposed amendment to its Fee Schedule would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed rule change is a reasonable means to incent ETP Holders to utilize the Directed Orders functionality and allow ETP Holders to evaluate its efficacy. The Directed Orders functionality would be available to all ETP Holders and all ETP Holders that use the Directed Orders functionality to route their orders to OneChronos will not be charged a routing fee. The proposed routing of orders to OneChronos is provided by the Exchange on a voluntary basis and no rule or regulation requires that the Exchange offer it. ETP Holders have the choice whether or not to use the Directed Orders functionality and those that choose not to utilize it will not be impacted by the proposed rule change. The Exchange also does not believe the proposed rule change would impact intramarket competition as the proposed rule change would apply to all ETP Holders equally that choose to utilize the Directed Orders functionality, and therefore the proposed change would not impose a disparate burden on competition among market participants on the Exchange.

*Intermarket Competition.* The Exchange operates in a highly competitive market in which market participants can readily choose to send their orders to other exchange and off-exchange venues if they deem fee levels at those other venues to be more favorable. As noted above, the Exchange’s market share of intraday trading is currently less than 2%. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and with off-exchange venues. Because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their order routing practices, the Exchange does not believe its proposed fee change can impose any burden on intermarket competition.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR part 388, that the employment of the vessel in the coastwise trade to carry no more than 12 passengers will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, MARAD will not issue an approval of the vessel's coastwise endorsement eligibility.
