DEPARTMENT OF HEALTH AND HUMAN SERVICES

Indian Health Service

Office of Clinical and Preventive Services; Division of Behavioral Health; the Methamphetamine and Suicide Prevention Initiative for American Indian and Alaska Native Urban Programs

Announcement Type: New.

Funding Announcement Number: HHS-2010-IHS-METHU-0001.

Catalog of Federal Domestic Assistance Number(s): 93.933.

KEY DATES: *Application Deadline Date:* January 5, 2010. *Review Date:* January 12-13, 2010. *Earliest Anticipated Start Date:* February 1, 2010.

I. Funding Opportunity Description

The Indian Health Service (IHS) announces competitive grant applications for the Methamphetamine & Suicide Prevention Initiative (MSPI) for American Indian and Alaska Native (AI/AN) Urban Program communities. This program is authorized under the Snyder Act, 25 U.S.C. 13, as amended, and Indian Health Care Improvement Act (IHCIA), 25 U.S.C. 1653(e). This program is described at 93.933 in the Catalog of Federal Domestic Assistance. The purpose of the Methamphetamine & Suicide Prevention Initiative for AI/AN

Urban Programs (MSPI-U) is to expand community-level access to effective, urban AI/AN methamphetamine and/or suicide prevention and treatment programs. Resources will enhance evidence-based or practice-based methamphetamine and/or suicide prevention or treatment programs and/or community mobilization programs. The methamphetamine and suicide prevention or treatment funding will be used to:

- Provide community-focused responses that enhance evidence-based or practice based methamphetamine and/or suicide prevention or treatment services or education programming.

- Coordinate services for communities to respond to their local methamphetamine and/or suicide crises.

- Participate in a nationally coordinated program focusing specifically on increasing access to methamphetamine and/or suicide prevention or treatment related activities among the Federal partners, Areas, Tribes, States, and academic or not-for-profit programs.

- Provide communities with needed resources to develop their own community-focused programs with preference for coordinated programming that maximizes the impact across communities and Tribal groups.

- Establish baseline data information related to methamphetamine abuse/suicides in the local communities.

- Adequately document the level of need for the community.

- Promote programs that will ensure measureable impact.

- Awardees' activities for this program are as follows:

- Develop a three (3) year action plan. Applicants must document how their methamphetamine and/or suicide prevention or treatment activities will be implemented as soon as possible but no later than six (6) months after award. The remainder of Year One, Year Two, and Year Three will focus on implementation. The primary intent of the action plan should be to illustrate how the applicant will enhance community access to or support community delivery of evidence-based or practice-based methamphetamine and/or suicide prevention or treatment services. The action plan should describe the project implementation process. The action plan should include objectives that are specific, measurable, achievable, relevant, and time-phased. Objectives should demonstrate adherence to the Government Performance and Results Act of 1993 (GPRA), where applicable. The implementation process may be guided
