

issued. This chart is intended to provide more up-to-date information on the status of preemption applications than a single notice in the **Federal Register** whenever a decision has not been issued within 180 days after publication of the notice of the application.

FOR FURTHER INFORMATION CONTACT:

Edward H. Bonekemper, III, Assistant Chief Counsel for Hazardous Materials Safety and Research and Technology Law, Research and Special Programs Administration, U.S. Department of Transportation, 400 Seventh Street, SW, Washington, DC 20590-0001 (Tel. No. 202-366-4400).

SUPPLEMENTARY INFORMATION: Federal hazardous material transportation law, 49 U.S.C. 5101 *et seq.* (the law), provides an administrative procedure in § 5125(d)(1) for DOT to issue determinations whether a State, local, or Indian tribe requirement on the transportation of hazardous materials is preempted under the criteria set forth in § 5125(a), (b)(1), and (c). RSPA's Office of the Chief Counsel tracks the status of each preemption determination proceeding (both already decided and still pending) on a chart that is kept current on its internet website (<http://rspa-atty.dot.gov>) and in paper form.

Interested parties may access the current chart at any time by going to the website and clicking on "Preemption." A printed version of the current chart may also be obtained at any time by contacting Mr. Bonekemper at the address and telephone number set forth in "For Further Information Contact" above.

RSPA also uses this chart to meet the statutory requirement in 49 U.S.C. 5125(d)(1) to advise the public of the reasons for delay, and an estimate of the time when a decision will be made, whenever a decision is not issued within 180 days after the date of publication in the **Federal Register** of a notice of having received an application for a preemption determination. Because this chart will be kept current, RSPA does not intend to publish a new notice in the **Federal Register** each time the 180-day period is exceeded in a preemption proceeding. By keeping this chart up-to-date, RSPA will be providing interested parties with more current and complete information than they would have if RSPA published only a single notice in each proceeding advising that a decision would not be issued within 180 days.

Issued in Washington, DC on December 1, 2000.

Acting Chief Counsel, Research and Special Programs Administration.

[STB Finance Docket No. 33962]

CSX Transportation, Inc.—Trackage Rights Exemption—Ohio Southern Railroad, Incorporated

Ohio Southern Railroad, Incorporated (OSRR) has agreed to grant overhead and local trackage rights to CSX Transportation, Inc. (CSXT), over approximately 1.5 miles of rail line and appended trackage formerly known as CSXT's Zanesville Industrial Track, located between milepost 16.7 and milepost 18.2 in Zanesville, Muskingum County, OH, as part of the sale of CSXT's interest in the line to OSRR.¹

The transaction was scheduled to be consummated on November 29, 2000, or as soon thereafter as the parties may agree and/or the time required for any necessary labor notice is given.²

The purpose of the trackage rights is to allow CSXT to continue to serve the line's existing and future rail customers after the sale of the line to OSRR.

As a condition to this exemption, any employees affected by the trackage rights will be protected by the conditions imposed in *Norfolk and Western Ry. Co.—Trackage Rights—BN*, 354 I.C.C. 605 (1978), as modified in *Mendocino Coast Ry., Inc.—Lease and Operate*, 360 I.C.C. 653 (1980).

This notice is filed under 49 CFR 1180.2(d)(7). If it contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

¹ OSRR's purchase of the track from CSXT was the subject of a notice of exemption in *Ohio Southern Railroad, Incorporated—Acquisition and Operation Exemption—CSX Transportation, Inc.*, STB Finance Docket No. 33955.

² Under 49 CFR 1180.4(g)(1), a trackage rights exemption is effective 7 days after the notice is filed. Although the applicant indicated that the proposed transaction would be consummated on November 27, 2000, the notice was not filed until November 22, 2000, and thus the proposed transaction could not be consummated before the November 29, 2000 effective date. CSXT's representative has been informed by telephone that the transaction may not be consummated prior to November 29, 2000.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 33962, must be filed with the Surface Transportation Board, Office of the Secretary, Case Control Unit, 1925 K Street, NW., Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Natalie S. Rosenberg, CSX Transportation, Inc., 500 Water Street (J150), Jacksonville, FL 32202.

Board decisions and notices are available on our website at <http://www.stb.dot.gov>.

Decided: December 1, 2000.

Surface Transportation Board

[STB Docket No. AB-55 (Sub-No. 584X)]

CSX Transportation, Inc.—Discontinuance Exemption—in Hudson County, NJ¹

On November 20, 2000, CSX Transportation, Inc. (CSXT), filed with the Surface Transportation Board (Board) a petition under 49 U.S.C. 10502 for exemption from 49 U.S.C. 10903 to discontinue service over approximately 3.84 miles of the Weehawken Branch² and approximately 6.95 miles of the River Line³ in Hudson County, NJ. The

¹ The petition is related to two abandonment applications filed on November 14, 2000, by Conrail under section 308 of the Regional Rail Reorganization Act of 1973 (3-R Act), 45 U.S.C. 748, a provision added to the 3-R Act by the Northeast Rail Service Act of 1981 (Pub. L. No. 97-35). See *Conrail—Abandonment of the Weehawken Branch—in Hudson County, NJ*, STB Docket No. AB-167 (Sub-No. 766N); and *Conrail—Abandonment of the River Line—in Hudson County, NJ*, STB Docket No. AB-167 (Sub-No. 1067N). Conrail has requested that the applications be considered together because the Weehawken Branch and the River Line are operated as a single line due to changes made to track alignment and operations. Where appropriate, the two lines will be referenced as the River Line.

Notices of Insufficient Revenues were timely filed on October 31, 1983, and October 31, 1985, respectively. The Board must grant the applications within 90 days after their filing date (i.e., by February 12, 2001) unless offers of financial assistance (OFA) are filed within the 90-day period. See sections 308(c) and (d).

² The 3.84-mile segment extends from the point of switch in Jersey City (approximately MP 0.00), to the southerly R.O.W. line of Baldwin Avenue, in Weehawken (approximately MP 2.84), and includes the former DL&W Railroad Lead to the Hoboken Freight Yard in Jersey City.

³ The 6.95-mile segment is divided into in two parts: (1) from the connection to the Passaic and

lines traverse U.S. Postal Zip Codes 07302, 07303, 07306, 07407, and 07087.

CSXT acquired the right to operate over these lines under the North Jersey Shared Assets Areas Operating Agreement approved by the Board in *CSX Corp.—Control and Operating Leases/Agreements—Conrail Inc.*, STB Finance Docket No. 33388 (Decision No. 89) (STB served July 23, 1998), *clarified and modified* (Decision No. 96) (STB served Oct. 19, 1998), *petitions for review pending sub nom. Erie Niagara Rail Steering Committee v. STB*, Nos. 98–4285, *et al.* (2d Cir. filed July 31, 1998).⁴ Pursuant to that agreement, CSXT does not conduct freight operations over the River Line. CSXT publishes rates and maintains stations for the River Line's shippers,⁵ and Conrail conducts the actual train operations in CSXT's name.

The lines do not contain federally granted rights-of-way. A large part of the real estate and track is owned by the New Jersey Transit Corporation (NJT), and the remainder is owned by Conrail.⁶ Any documentation in CSXT's possession will be made available promptly to those requesting it.

The interest of railroad employees will be protected by the conditions set

Harismus Branch at CP "Waldo" in Jersey City (approximately MP 0.00) to the south side of Clifton Road in Weehawken (approximately MP 4.7), including the River Yard; and (2) from (a) the south side of Clifton Road in Weehawken (approximately MP 0.00) to the northwest side of Tonnelle Avenue (excluding the portion of line, associated track, and underlying right-of-way necessary to retain access and continue service to Durkee Foods) in North Bergen (approximately MP 1.53); (b) the National Docks Secondary in Jersey City from its connection with the River Line at CP "Nave" to the east side of Newark Avenue (approximately 1,350 feet); and (c) the Weehawken Branch (Chicken Yard) in Weehawken, from its connection with the River Line on the east side of Willow Avenue to the end of the track (approximately 2,450 feet).

⁴ Norfolk Southern Railway Company also acquired the same rights with respect to the River Line and filed a similar petition for exemption on November 14, 2000. See *Norfolk Southern Railway Company—Discontinuance Exemption—in Hudson County, NJ*, STB Docket No. AB–290 (Sub-No. 212X).

⁵ Two shippers, Cognis Chemical Company and Dykes Lumber Company, are being served.

⁶ The River Line's real estate and track was transferred to NJT on or about October 24, 1995, pursuant to the Freight Relocation and River Line Acquisition Agreement that Conrail and NJT entered into on June 8, 1989. Conrail retained a free and exclusive easement for the operation and maintenance of rail freight service.

NJT will reconstruct the River Line and dedicate it to light rail commuter passenger service. The River Line's freight operations will be transferred to Conrail's Northern Branch, which will be reconstructed to accommodate through train service and to remove "at-grade" highway and street crossings. Conrail will not terminate freight operations or consummate the abandonment of the River Line, and CSXT will not exercise the discontinuance authority, until the Northern Branch has been reconstructed.

forth in *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979).

By issuing this notice, the Board is instituting an exemption proceeding pursuant to 49 U.S.C. 10502(b). A final decision will be issued by March 9, 2001.⁷

Any OFA with respect to the lines should be filed in the pertinent Conrail application proceeding under section 308(d) of the 3–R Act and 49 CFR 1152.27. Each OFA must be accompanied by a \$1,000 filing fee. See 49 CFR 1002.2(f)(25).

All filings in response to this notice must refer to STB Docket No. AB–55 (Sub-No. 584X) and must be sent to: (1) Surface Transportation Board, Office of the Secretary, Case Control Unit, 1925 K Street, NW., Washington, DC 20423–0001; and (2) Natalie Rosenberg, CSX Transportation, Inc., 500 Water Street, Jacksonville, FL 32202. Replies to the CSXT petition are due on or before December 28, 2000.

Persons seeking further information concerning abandonment and discontinuance procedures may contact the Board's Office of Public Services at (202) 565–1592 or refer to the full abandonment or discontinuance regulations at 49 CFR part 1152.

An environmental assessment (or impact statement) is normally made available in abandonment or discontinuance proceedings, but under 49 CFR 1105.6(d), the Board may modify the environmental requirements in appropriate circumstances. The requirements are being modified here. CSXT has never conducted operations over the line apart from those Conrail conducted on CSXT's behalf. Granting a carrier authority to discontinue service it has never provided appears to have no environmental impact. The requirement that the carrier submit a report and that the Board prepare an analysis are therefore superfluous.

Board decisions and notices are available on our website at <http://www.stb.dot.gov>.

Decided: November 28, 2000.

Secretary.
