Solios Power Trading LLC; Solios Power Mid-Atlantic Trading LLC; Solios Power Midwest Trading LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

December 29, 2009.

This is a supplemental notice in the above-referenced proceeding of Solios Power Trading LLC, Solios Power Mid-Atlantic Trading LLC, and Solios Power Midwest Trading LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is January 19, 2010.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Docket No. CP10-35-000]

Laser Marcellus Gathering Company, LLC; Notice of Petition for Declaratory Order

December 28, 2009.

Take notice that on December 23, 2009, Laser Marcellus Gathering Company, LLC (Petitioner) under Rule 207(a)(2) of the Commission's Rules of Practice and Procedure, 18 CFR 385.207(a)(2) (2007), filed a petition for a declaratory order requesting that the Commission disclaim jurisdiction over the pipeline construction project, referred to as the Marcellus Project located in Pennsylvania and New York, because such facilities perform a gathering function exempt from the Commission's jurisdiction under section 1(b) of the Natural Gas Act.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the

date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Petitioner. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On August 11, 2009 (74 FR 40183), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2006-0407, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Air and Radiation Docket in the EPA Docket Center (EPA/DC), EPA West Building, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Air and Radiation Docket is 202-566-1742.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains

copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: EPA's ENERGY STAR Program in the Commercial and Industrial Sectors.

ICR Numbers: EPA ICR No. 1772.05, OMB Control No. 2060-0347.

ICR Status: This ICR is currently scheduled to expire on February 28, 2010. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9 and are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: EPA created ENERGY STAR as a voluntary program to help businesses and individuals protect the environment through superior energy efficiency. The program focuses on reducing utility-generated emissions by reducing the demand for energy. In 1991, EPA launched the Green Lights Program to encourage corporations, State and local governments, colleges and universities, and other organizations to adopt energy-efficient lighting as a profitable means of preventing pollution and improving lighting quality. Since then, EPA has rolled Green Lights into ENERGY STAR and expanded ENERGY STAR to encompass organization-wide energy performance improvement, such as building technology upgrades, product purchasing initiatives, and employee training. At the same time, EPA has streamlined the reporting requirements of ENERGY STAR and focused on providing incentives for improvements (e.g., ENERGY STAR Awards Program). EPA also makes tools and other resources available over the Web to help the public overcome the barriers to evaluating their energy performance and investing in profitable improvements. In addition, EPA is always looking for ways to simplify its information collections, such as by giving organizations the option of joining ENERGY STAR by completing an online

partnership letter or agreement instead of using regular mail. Partnership in ENERGY STAR is voluntary and can be terminated by Partners or EPA at any time. EPA does not expect organizations to join the program unless they expect participation to be cost-effective and otherwise beneficial for them.

In addition, Partners and any other interested party can help EPA promote energy-efficient technologies by evaluating the efficiency of their buildings using EPA's on-line tools (e.g., Portfolio Manager) and applying for recognition.

If a claim of confidential business information (CBI) is asserted, EPA will manage that information in accordance with EPA's provisions on confidentiality.

Burden Statement: The burden for joining the ENERGY STAR Program and related activities is expected to vary depending on the type of Partner. The burden is estimated to be 30 minutes for a Commercial and Industrial Sector Partner to prepare/submit a Partnership Letter, 1 hour for a Service and Product Provider (SPP) to prepare/submit a Partnership Agreement and related documents, and 2.5 hours for an Energy Efficiency Program Sponsor (EEPS) to prepare/submit a Partnership Agreement and a brief plan outlining the key activities it intends to undertake to promote ENERGY STAR. These organizations also may undertake other activities related to their partnership during the year. The burden is estimated to be about 1 hour for a SPP Partner to update its contact information and communicate efforts and successes each year and about 3 hours for an EEPS Partner to update its brief plan and contact information and promote ENERGY STAR each year.

The burden for benchmarking in Portfolio Manager is estimated to vary depending on the type of benchmarking method used. The burden is estimated to be about 2.75 hours per building for manual benchmarks, 1 hour per building for benchmarks using the import tool, and 30 minutes per building for benchmarks using the Automated Benchmarking System. In addition, the burden for using the ENERGY STAR Energy Performance Indicator is estimated to range from 10 to 15 minutes per plant. The burden for tracking a plant's energy performance under the ENERGY STAR Challenge for Industry (e.g., using the ENERGY STAR Energy Tracking Tool) is estimated to be 2.5 hours per plant. These burden estimates include the time for conducting initial set-up, gathering facility and energy data, and entering

the data to track energy performance during the year.

The burden for applying to EPA for recognition is estimated to vary depending on the type of recognition. The burden is estimated to range up to 5 hours to apply for the ENERGY STAR. This includes the time for gathering information and completing/submitting the application materials. The burden is estimated to be about 3 hours to apply for the "Designed to Earn the ENERGY STAR." This includes the time for gathering and entering data into Target Finder and completing/submitting the application materials. The burden is estimated to range up to 17 hours for an organization to apply for an ENERGY STAR Award. This includes the time for preparing and submitting the application materials.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Organizations participating in ENERGY STAR in the Commercial and Industrial Sectors.

Approximate Number of Respondents: 18,000.

Frequency of Response: One-time, on occasion, monthly, annually, and/or periodically, depending on the type of respondent and collection.

Estimated Total Annual Hour Burden: 125,023.

Estimated Total Annual Cost: \$14,659,784, including \$8,694,520 in labor costs and \$5,965,264 in O&M costs. There are no capital/start-up costs to respondents.

Changes in the Estimates: There is an increase of 70,523 hours in the total estimated annual burden hours currently identified in the OMB Inventory of Approved ICR Burdens. Specifically, there is a 3,065-hour decrease due to program changes and a 73,588-hour increase due to adjustments resulting from program growth. This

resulted in a net increase of 70,523 hours.

Dated: December 24, 2009.

Richard T. Westlund,

Acting Director, Collection Strategies Division.

Agency Information Collection Activities; Proposed Collection; Comment Request; Great Lakes Accountability System; EPA ICR No. 2379.01, OMB Control No. 2005-NEW

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this document announces that EPA is planning to submit a request for a new Information Collection Request (ICR) to the Office of Management and Budget (OMB). Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection described below.

DATES: Comments must be submitted on or before March 8, 2010.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R05-OW-2009-0932, by one of the following methods:

- *http://www.regulations.gov:* Follow the on-line instructions for submitting comments.

- *Mail:* Great Lakes Accountability System, Attn: Rita Cestaric, EPA, Great Lakes National Program Office, 77 W. Jackson St., Chicago, Illinois 60604.

- *Hand Delivery:* Great Lakes Accountability System, Attn: Rita Cestaric, EPA, Great Lakes National Program Office, 77 W. Jackson St., Chicago, Illinois 60604. Such deliveries are only accepted during the Docket's normal hours of operation (8:30 a.m. to 4:30 p.m. Monday through Friday excluding legal holidays), and special arrangements should be made for delivery of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-R05-OW-2009-0932. EPA's policy is that all comments received will be included in the public docket without change and may be available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information

claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov>. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov> your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.
