SUPPLEMENTARY INFORMATION: Our current rules authorize us to test, individually or in any combination, certain modifications to the disability determination procedures. 20 CFR 404.906 and 416.1406. We conducted several tests under the authority of these rules. In the “single decisionmaker” test, a disability examiner may make the initial disability determination in most cases without obtaining the signature of a medical or psychological consultant.

We also conducted a separate test, which we call the “prototype,” in 10 States. 64 FR 47218. Currently, the prototype combines the single decisionmaker approach described above with the elimination of the reconsideration level of our administrative review process.

We extended the period for selecting claims for these tests several times. Most recently, we extended the time from September 26, 2014 to September 25, 2015. 79 FR 39453. We are extending case selection for the prototype and the single decisionmaker tests until September 23, 2016. If we decide to continue selection of cases for these tests beyond this date, we will publish another notice in the **Federal Register**.

Virginia Reno,

Deputy Commissioner for Retirement and Disability Policy.
