

Interpipe, we will calculate importer-specific assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for each importer's examined sales and the total entered value of the sales, in accordance with 19 CFR 351.212(b)(1). Where an importer-specific *ad valorem* assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.

Consistent with Commerce's assessment practice, for entries of subject merchandise during the POR produced by Interpipe for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁷

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Interpipe will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review or in a prior segment of the proceeding, but the producer was covered, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate of 7.47 percent as established in the

original less-than-fair-value investigation.⁸

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these results of administrative review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: March 17, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Atlantic Highly Migratory Species; Meeting of the Atlantic Highly Migratory Species Advisory Panel; Advisory Panel Nominations

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting and webinar/conference call; solicitation of nominations.

SUMMARY: NMFS will hold a 3-day Atlantic Highly Migratory Species (HMS) Advisory Panel (AP) meeting in May 2023. The intent of the meeting is to consider options for the conservation and management of Atlantic HMS. The meeting is open to the public. NMFS also is soliciting nominations for the HMS AP. NMFS consults with, and considers the comments and views of, the HMS AP when preparing and implementing Fishery Management Plans (FMPs) or FMP amendments for Atlantic tunas, swordfish, sharks, and billfish. Nominations are being sought to fill one environmental seat on the HMS AP for a 3-year appointment. Individuals with definable interests in the environmental community will be considered for membership on the HMS AP under this solicitation.

DATES: The AP meeting and webinar will be held on Tuesday, May 9, from 10 a.m. to 5 p.m.; Wednesday, May 10, from 9:30 a.m. to 5 p.m.; and Thursday, May 11, from 9 a.m. to 12 p.m. Nominations must be received on or before April 15, 2023.

ADDRESSES: The meeting will be held in the Silver Spring, Maryland area, with the location being announced on the NMFS website prior to the meeting. The meeting will also be accessible via WebEx webinar/conference call. Meeting location, conference call, and webinar access information will be available at: <https://www.fisheries.noaa.gov/event/may-2023-hms-advisory-panel-meeting>.

Participants accessing the webinar are strongly encouraged to log/dial in 15 minutes prior to the meeting. NMFS will show the presentations via webinar and allow public comment during identified times on the agenda.

You may submit AP nominations and requests for the Advisory Panel Statement of Organization, Practices, and Procedures by email to

HMSAP.Nominations@noaa.gov. Include in the subject line the following identifier: “HMS AP Nominations.”

FOR FURTHER INFORMATION CONTACT:

Peter Cooper, 301–427–8503, Peter.Cooper@noaa.gov, or Tiffany Weidner, 301–427–8550, HMSAP.Nominations@noaa.gov.

SUPPLEMENTARY INFORMATION: Atlantic HMS fisheries (tunas, billfish, swordfish, and sharks) are managed under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) and the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*). The 2006 Consolidated HMS FMP and its amendments are implemented by regulations at 50 CFR part 635.

HMS AP Meeting

The Magnuson-Stevens Act requires the establishment of APs and requires NMFS to consult with and consider the comments and views of AP members during the preparation and implementation of FMPs or FMP amendments (16 U.S.C. 1854(g)(1)(A)–(B)). NMFS meets with the HMS AP approximately twice each year to consider potential alternatives for the conservation and management of Atlantic tunas, swordfish, billfish, and shark fisheries, consistent with the Magnuson-Stevens Act.

For this meeting, we anticipate discussing, among other topics:

- Bluefin tuna management activities;
- Amendment 15 to the 2006 Consolidated HMS FMP regarding spatial management;
- Amendment 16 to the 2006 Consolidated HMS FMP regarding shark management;
- Outcomes of the 2022 International Commission for the Conservation of Atlantic Tunas (ICCAT) Annual Meeting; and
- Atlantic HMS Essential Fish Habitat 5-Year Review.

We also anticipate inviting other NMFS offices and the U.S. Coast Guard to provide updates, if available, on their activities relevant to HMS fisheries. Additional information on the meetings and a copy of the draft agenda will be posted prior to the meeting (see **ADDRESSES**).

In-person access to the meeting by the public may be limited depending on the Centers for Disease Control and Prevention’s COVID–19 Community Level for Montgomery County, MD at the time of the meeting. All members of the public will have virtual access to the meeting available via webinar and status updates of in-person public access to
