Stainless Steel Wire Rod from India: Extension of Time Limit of Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit of the preliminary results of antidumping duty administrative review.

SUMMARY: The Department of Commerce ("the Department") is extending the time limits of the preliminary results of the antidumping duty administrative review of stainless steel wire rod ("SSWR") from India. This review covers the period December 1, 2000 through November 30, 2001.

EFFECTIVE DATE: September 17, 2002.

FOR FURTHER INFORMATION CONTACT: Stephen Bailey, AD/CVD Enforcement Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–1102.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless

otherwise indicated, all citations to the Department's regulations are to the regulations codified at 19 CFR part 351 (2001).

Background

On January 29, 2002, we published a notice of initiation of a review of SSWR from India covering the period December 1, 2000 through November 30, 2001. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, January 22, 2002 (67 FR 4236). On July 9, 2002, we published a notice of extension of the preliminary results of administrative review from September 2, 2002, to November 1, 2002. *See Stainless Steel Wire Rod from India: Extension of Time Limit of Preliminary Results of Antidumping Duty Administrative Review*, July 9, 2002 (67 FR 45481) ("Preliminary Extension Notice").

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Act states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 245-day period to issue its preliminary results by 120 days. Because the Department has already extended these preliminary results only 60 days, we are allowed to further extend the preliminary results an additional 60 days. Completion of the preliminary results of this review within the 305-day period is not practicable for the following reasons, which were also cited in the *Preliminary Extension Notice*:

- The review involves four companies, a large number of transactions and complex adjustments.
- All companies include sales and cost investigations which require the Department to gather and analyze a significant amount of information pertaining to each company's sales practices, manufacturing costs and corporate relationships.

Additionally, responses from three of the four companies required the Department to issue multiple supplemental questionnaires which further delayed the planned verification schedules.

Therefore, in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of review by 30 days until December 1, 2002. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: September 11, 2002.

Richard O. Weible,

Acting Deputy Assistant Secretary for Import Administration, Group III.

Habitat and Environmental Protection AP Meeting—The AP will be briefed on and discuss the Final Essential Fish Habitat (EFH) Rule which was published on January 17, 2002 replacing the interim Final Rule of December 19, 1997 on which the original EFH and EFH-Habitat Area of Particular Concern (EFH-HAPC) designations were made. The Councils have, pursuant to the Final EFH Rule, been directed to update EFH and EFH-HAPC information and designations; in addition, pursuant to

revisions to NOAA General Counsel interpretation of the National Environmental Policy Act (NEPA) the Councils will be required to update all Environmental Impact Statements (EIS) for all Federal Fishery Management Plans under their jurisdiction.

Information compiled during this process will further facilitate meeting both the EFH and the NEPA mandate. The AP will discuss a Council workshop process that integrates two directives in the Final Rule for Essential Fish Habitat: (1) the review and update of EFH information, and (2) the consideration of ecosystem-based management through development of a Fishery Ecosystem Plan (EEP) for the South Atlantic Region.

In addition, the Habitat and Environmental Protection AP will review and make recommendations and draft revisions to Council habitat policy statements on Oil and Gas Exploration, Development and Transportation, and Dredging and Dredge Disposal. The AP will also initiate the development of policy statement on in-stream flow.

During the joint meeting, the panels will discuss and develop recommendations on additional Coral HAPCs, hear a presentation on deepwater habitats off of North Carolina and receive a briefing on nearshore mapping efforts. The Panels will also discuss preliminary characterization of habitat associated with Marine Protected Areas (MPAs) proposed for public hearing.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) by September 27, 2002.
