Matters To Be Considered

The HSRP members will focus on the mission and issues relevant to NOAA's navigation, observations, and positioning services, and the value these services bring, and invite stakeholder and partner suggestions for improvements. This suite of NOAA services supports safe and efficient navigation, the blue economy, resilient coasts and communities, and the nationwide positioning information infrastructure to support America's climate needs and commerce. Specifically, the HSRP will consider:

- The status of NOAA's navigation services in the context of recent legislation (*e.g.*, the National Defense Authorization Act, Bipartisan Infrastructure Law, and Inflation Reduction Act);
- An update on the new Standard Ocean Mapping Protocol and the plans to address and implement the ocean and coastal mapping strategy for "Establishing a National Strategy for Mapping, Exploring, and Characterizing the United States Exclusive Economic Zone";
- Measuring, monitoring, and mitigating flooding and sea level change and the contribution of NOAA's critical foundational data to projects in the U.S. Caribbean;
- NOAA navigation data, products, and services that will enable further economic growth and address safe navigation;
- The geodesy education and training crisis;
- The exploration of possible benefits and applicability of the new Digital Twin technology to help manage coastal mapping data, maritime navigation, fleet management and related applications. The Digital Twin utilizes artificial intelligence, deep learning, data analytics and modeling to maximize use of tremendous amounts of data;
- Other topics related to the NOAA programs and activities may be discussed such as those for: hydrographic surveys, bathymetric mapping and modeling, nautical charting, coastal shoreline and ocean mapping, the National Spatial Reference System modernization efforts, tide and water level observations, current observations, contributions to resilience and coastal data and information systems to support planning for climate change, flooding, inundation, contributions to the blue economy,

coastal and ocean modeling and remote sensing, PORTS® (Physical Oceanographic Real-Time System) sensor enhancements and expansion, Precision Marine Navigation, the transition from raster paper charts to Electronic Navigational Charts, geodetic observations, gravity modeling, geospatial and LIDAR data; and

- The scientific mapping and technology research projects of the cooperative agreements between NOAA and partners at the University of New Hampshire and the University of South Florida.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to the procurement list.

SUMMARY: This action adds product(s) and service(s) to the Procurement List

that will be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

DATES: Date added to and deleted from the Procurement List: March 19, 2023.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 355 E Street SW, Suite 325, Washington, DC 20024.

FOR FURTHER INFORMATION CONTACT: Michael R. Jurkowski, Telephone: (703) 785-6404, or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION:

Additions

On 10/28/2022 and 12/9/2022, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503 (a)(2) and 41 CFR 51-2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the product(s) and service(s) and impact of the additions on the current or most recent contractors, the Committee has determined that the product(s) and service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the product(s) and service(s) to the Government.
2. The action will result in authorizing small entities to furnish the product(s) and service(s) to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the product(s) and service(s) proposed for addition to the Procurement List.

End of Certification

Accordingly, the following product(s) and service(s) are added to the Procurement List:

Product(s)

NSN(s)—Product Name(s):

8465-01-082-6449—Cap Strap, Water

Canteen, Olive Drab

8465-00-NIB-0290—Cap Strap, Water

Canteen, 483 Green

Designated Source of Supply: The Lighthouse for the Blind, Inc. (Seattle Lighthouse), Seattle, WA

Mandatory for: 100% of the requirement of the Department of Defense

Contracting Activity: DEFENSE LOGISTICS AGENCY, DLA TROOP SUPPORT

Distribution: C-List

Service(s)

Service Type: Janitorial and Snow Removal

Mandatory for: FAA, ATBM, ATCT, Base

Building and Interconnecting Link

Walkway, South Burlington, VT

Designated Source of Supply: Northern New England Employment Services, Portland, ME

Contracting Activity: FEDERAL AVIATION ADMINISTRATION, 697DCK REGIONAL ACQUISITIONS SVCS

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of the Federal Aviation Administration, Janitorial and Snow Removal, South Burlington, VT contract. The Federal customer contacted and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the Federal Aviation Administration will refer its business elsewhere, this addition must be effective on February 28, 2023, ensuring timely execution for a March 1, 2023 start date while still allowing 11 days for comment. The Committee also published a notice of proposed Procurement List addition in the **Federal Register** on October 28, 2022 and did not receive any comments from any interested persons. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

Michael R. Jurkowski,

Acting Director, Business Operations.
