

Recreation Area, 4564 Leatherwood Road, Oneida, TN, 423–569–9778.

SUPPLEMENTARY INFORMATION: The Big South Fork National River and Recreation Area is within the Cumberland Plateau area and straddles the Kentucky and Tennessee state line. This region has been extensively mined for coal since the early 1900s and mining waste materials were typically dumped near the mines. Surface and ground water that comes in contact with mine spoils or that is discharged from the mines is often acidic and has elevated (toxic) concentrations of heavy metals. Contaminated mine drainage pollutes aquatic systems and is considered to be partly responsible for a reduction in biological diversity of lakes and streams in the Big South Fork area.

The NPS developed mitigation and treatment systems for nine specific sites to a conceptual level during a prior environmental assessment effort. During that effort it was recommended that an EIS be prepared due to the scope and complexity of the project. As a result, the NPS is now preparing a Contaminated Mine Drainage Mitigation and Treatment System EIS. The purpose of this project is to address contaminated mine drainage (CMD) at nine sites within the McCreary County, Kentucky portion of BISO and to create a programmatic approach to considering future treatment options at former mining sites throughout Big South Fork National River and Recreation Area. These actions will address the need to improve water quality in tributaries of the Big South Fork River. As part of this effort, the NPS will consider adjusting or refining the preliminary engineering plans to install mine drainage mitigation and treatment systems at the nine sites that were studied in the earlier environmental assessment. A draft EIS will be prepared and presented to the public for review and comment, followed by preparation and availability of the Final Contaminated Mine Drainage Mitigation and Treatment System EIS.

A scoping brochure will be available summarizing the purpose, need and objectives of the EIS. Copies of that information may be obtained by visiting the NPS public comment and planning Web site at <http://parkplanning.nps.gov/biso>, or from the Office of the Superintendent, Niki Stephanie Nicholas, Big South Fork National River and Recreation Area, 4564 Leatherwood Road, Oneida, TN, 423–569–9778.

If you wish to comment during the scoping process, you may use any one

of several methods. The preferred method for submitting comments is on the NPS PEPC Web site at <http://parkplanning.nps.gov/biso>. You may also mail or hand-deliver your comments to: Big South Fork National River and Recreation Area, Attention: Coal Mine Drainage Treatment and Mitigation EIS, 4564 Leatherwood Road, Oneida, TN 37841

Comments will also be accepted during public meetings; however, comments in any format (hard copy or electronic) submitted on behalf of others will not be accepted. Before including your address, phone number, email address, or other personal identifying information in any comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The responsible official for this Coal Mine Drainage Mitigation and Treatment System EIS is the Regional Director, NPS Southeast Region, 100 Alabama Street SW., 1924 Building, Atlanta, Georgia 30303.

Dated: April 30, 2014.

Sarah Craighead,

Acting Regional Director, Southeast Region.

DEPARTMENT OF THE INTERIOR

National Park Service

[NPS–NER–NERI–15235; PPNENERISO/PPMPSPD1Z.YM00000[REMOVED PRIVATE FIELD]]

Establishment of a New Fee Area at New River Gorge National River

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: This notice is to comply with section 804 of the Federal Lands Recreation Enhancement Act of 2004 (Pub. L. 108–447). The act requires agencies to give the public advance notice (6 months) of the establishment of a new recreation fee area. New River Gorge National River in West Virginia plans to collect the following expanded amenity recreation fees at the newly constructed Meadow Creek Campground beginning in late summer of 2014: \$28 per night for an RV site with Electric and Water Hook-ups; \$24 per night for an RV site with Electric Hook-ups but no site-specific water; \$18

per night for a Tent Only site with Electric Hook-ups, but no site-specific water; \$10 per night for a Tent Only site with No Hook-ups. Communal water spigots will be available to all campers, regardless of site type. Revenue will be used to cover the cost of collections at the campground and for deferred maintenance in the park.

DATES: Collection of fees will be effective 6 months after publication in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

Jamie Fields, Planner, New River Gorge National River, P.O. Box 246, Glen Jean, WV 25846–0246; telephone (304) 465–6527.

SUPPLEMENTARY INFORMATION: These fees were determined through a comparability study of similar sites in the area at Federal, state, and private recreation areas and will only be charged at Meadow Creek Campground. In accordance with NPS public involvement guidelines, the park engaged numerous individuals, organizations, and local, state, and Federal government representatives while planning for the implementation of this fee.

Dated: April 30, 2014.

Lena McDowall,

Associate Director, Business Services.

INTERNATIONAL TRADE COMMISSION

Submission for OMB Review; Comment Request Agency proposal for the collection of information submitted to the Office of Management and Budget (OMB) for review; comment request.

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: In accordance with the provisions of the Paperwork Reduction Act of 1995 (P.L. 104–13), the Commission has submitted a proposal for the collection of information to OMB for approval. The proposed information collection is a 3-year extension of the current “generic clearance” (approved by the Office of Management and Budget under control No. 3117–0016) under which the Commission can issue information collections (specifically, producer, importer, purchaser, and foreign producer questionnaires and certain institution notices) for the following types of import injury investigations: Antidumping,
