

Committee (which is always the case). Subcommittee meetings are held to conduct preparatory and information gathering activities and work that will be the subject of deliberations at a Full Committee meeting. Advice provided to the Commission by the ACRS will only be approved in a Full Committee meeting.

In an effort to maintain transparency of Subcommittee activities, the ACRS will conduct its Subcommittee meetings in accordance with the Commission's Policy on Enhancing Participation in NRC Public Meetings (86 FR 14964). In most cases, the ACRS Subcommittee meetings will be categorized as Observation Meetings. The purpose of this type of meeting is for the NRC to meet with representatives from one or more groups in an open and transparent manner to discuss regulatory and technical matters. In the Subcommittee meeting, observers will have an opportunity to observe the ACRS performing its statutory function or discussing technical issues. Members of the public will have an opportunity to make comments about the issues discussed following the business portion of the meeting. The NRC and ACRS public meeting websites, which contain meeting announcements, agendas, and meeting materials, may be found at www.nrc.gov/pmns/mtg and www.nrc.gov/reading-rm/doc-collections/acrs/agenda. A meeting notice will be published at www.nrc.gov/pmns/mtg at least 10 calendar days in advance of any ACRS Subcommittee meeting. Consistent with past practice, members of the public who desire to provide written or oral input to the Subcommittee may continue to do so and should contact the DFO five days prior to the meeting, as practicable. When Subcommittee meetings are held at locations other than at NRC facilities, reproduction facilities may not be available at a reasonable cost. Accordingly, 15 copies of the materials to be used during the meeting should be provided for distribution at such meetings.

ACRS Member or Subcommittee Engagements With the NRC Staff

When an ACRS Member or Subcommittee engages only with the NRC staff on predecisional or otherwise sensitive information, such as predecisional rulemaking language or draft implementing guidance prior to the document being made available to the public, the ACRS will not issue a public meeting notice because it does not meet any category of meeting identified in the Commission's Policy

on Enhancing Participation in NRC Public Meetings.

Special Provisions for Closing ACRS Meetings

If it is necessary to hold closed sessions for the purpose of discussing matters involving proprietary or otherwise sensitive information, the agenda will identify the portions of the agenda that will be closed. With regard to discussions involving proprietary information, persons with agreements permitting access to such information may attend those portions of the ACRS meetings where this material is being discussed upon confirmation that such agreements are effective and related to the material being discussed. The owner of the proprietary information will be consulted prior to the start of the meeting regarding who may observe such discussions.

If an agreement exists, the DFO should be informed of such an agreement at least five working days prior to the meeting so that it can be confirmed, and a determination can be made regarding the applicability of the agreement to the material that will be discussed during the meeting. The minimum information provided should include information regarding the date of the agreement, the scope of material included in the agreement, the project or projects involved, and the names and titles of the persons signing the agreement. Additional information may be requested to identify the specific agreement involved. A copy of the executed agreement should be provided to the DFO prior to the beginning of the meeting for admittance to the closed session.

Full Committee and Subcommittee meetings also may be closed to discuss information that is classified, personnel-related, or otherwise sensitive as listed in 5 U.S. Code § 552b. In addition, sessions with ACRS member attendance may not be open to the public for the purposes of training, conduct of retreats, international conferences or other activities that do not involve matters about which the Committee intends to deliberate for the purpose of providing advice to the Commission.
