

surveillance for congenital cardiac defects through prenatal and postnatal ultrasound examinations, and (3) identification of risk factors for birth defects in the high risk areas of Shanxi Province, and developmental of intervention strategies.

C. Availability of Funds

Approximately \$1,000,000 is available in FY 2002 to fund this award. It is expected that the award will begin on or about June 3, 2002, and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

Continuation awards within an approved project period will be made on the basis of satisfactory progress as evidenced by required reports and the availability of funds.

All requests for funds contained in the budget shall be stated in U.S. dollars. Once an award is made, CDC will not compensate foreign grantees for currency exchange fluctuations through the issuance of supplemental awards.

a. Funds may be spent for reasonable program purposes, including personnel, travel, supplies, and services. Equipment may be purchased if deemed necessary to accomplish program objectives, however, prior approval by CDC officials must be requested in writing.

b. The applicant may contract with other organizations under this program. However, the applicant must perform a substantial portion of the activities including program management and operations.
