Dixie Pipeline Company; Notice Cancelling Technical Conference

December 15, 2008.

On December 12, 2008, Dixie Pipeline Company (Dixie) filed a Notice of Withdrawal of Dixie Tariffs FERC No. 92 and FERC No. 93, effective as of that date. Withdrawal of the tariffs serves to terminate this proceeding and eliminates the need for the technical conference scheduled for Tuesday, December 16, 2008.

Take notice that the Commission cancels the technical conference in this proceeding scheduled for Tuesday, December 16, 2008, at 9 a.m. (EST) at the offices of the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

[Docket No. RM98-1-000]

Records Governing Off-the-Record Communications; Public Notice

December 11, 2008.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt

of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8755-2]

Delaware; Adequacy Status of the 2008 Reasonable Further Progress Plan for the Delaware Portion of the Philadelphia-Wilmington-Atlantic City 8-Hour Ozone Nonattainment Area Motor Vehicle Emission Budgets

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy.

SUMMARY: In this notice, EPA is notifying the public that we have found that the Motor Vehicle Emissions Budgets (MVEBs) in the Reasonable Further Progress Plan (RFP) submitted as a State Implementation Plan (SIP) revision on June 13, 2007 by the Delaware Department of Natural Resources and Environmental Control (DNREC), are adequate for transportation conformity purposes. As a result of EPA's finding, the State of Delaware must use the MVEBs from the June 13, 2007 RFP Plan for future conformity determinations for the 8-hour ozone standard.

DATES: These MVEBs are effective January 5, 2009.

FOR FURTHER INFORMATION CONTACT: Martin Kotsch, U.S. EPA, Region III, 1650 Arch Street, Philadelphia, PA 19103 at (215) 814-3335 or by e-mail at: kotsch.martin@EPA.gov. The finding is available at EPA's conformity Web site: <http://www.epa.gov/otaq/stateresources/transconf/currrips.htm>.

SUPPLEMENTARY INFORMATION: Throughout this document "we," "us," or "our" refer to EPA. The word "budgets" refers to the motor vehicle emission budgets for volatile organic compounds (VOCs) and nitrogen oxides (NO_x). The word "SIP" in this

document refers to the RFP Plans for the Delaware portion of the Philadelphia-Wilmington-Atlantic City Ozone Nonattainment Area submitted to EPA as SIP revisions on June 13, 2007.

Today's notice is simply an announcement of a finding that EPA has already made. In this notice, EPA is notifying the public that we have found that the MVEBs in the RFP for 2008, submitted on June 13, 2007 by DNREC, are adequate for transportation conformity purposes. As a result of EPA's finding, the State of Delaware must use the MVEBs from the June 13, 2007 RFP Plan for future conformity determinations for the 8-hour ozone standard. This finding has also been announced on EPA's conformity web site: <http://www.epa.gov/otaq/stateresources/transconf/pastsips.htm>. The adequate MVEBs are provided in the following table:

TABLE 1—DELAWARE MOTOR VEHICLE EMISSIONS BUDGETS

Nonattainment area	2008 Reasonable Further Progress	
	VOC (tpd)	NO _x (tpd)
New Castle County	21.35	10.61
Kent County	9.68	4.14
Sussex County	12.86	7.09

Transportation conformity is required by section 176(c) of the Clean Air Act, as amended in 1990. EPA's conformity rule requires that transportation plans, programs and projects conform to state air quality implementation plans, and establishes the criteria and procedures for determining whether or not they do. Conformity to a SIP means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national ambient air quality standards. The criteria by which we determine whether a SIP's motor vehicle emission budgets are adequate for conformity purposes are outlined in 40 CFR 93.118(e)(4).

Please note that an adequacy review is separate from EPA's completeness review, and it also should not be used to prejudice EPA's ultimate approval of the SIP. Even if we find a budget adequate, the SIP could later be disapproved. We have described our process for determining the adequacy of submitted SIP budgets in 40 CFR 93.118(f), and have followed this rule in making our adequacy determination.

Dated: December 5, 2008.

William T. Wisniewski,

Acting Regional Administrator, Region III.

Pennsylvania; Adequacy Status of the 2008 Reasonable Further Progress Plan for the Pennsylvania Portion of the Philadelphia-Wilmington-Atlantic City 8-Hour Ozone Nonattainment Area Motor Vehicle Emission Budgets

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy.

SUMMARY: In this notice, EPA is notifying the public that we have found that the Motor Vehicle Emissions Budgets (MVEBs) in the Reasonable Further Progress Plan (RFP) submitted as a State Implementation Plan (SIP) revision on August 29, 2007 by the Pennsylvania Department of Environmental Protection (PADEP), are adequate for transportation conformity purposes. As a result of EPA's finding, the Commonwealth of Pennsylvania must use the MVEBs from the August 29, 2007 RFP Plan for future conformity determinations for the 8-hour ozone standard.

DATES: These MVEBs are effective January 5, 2009.
